Maths Number blocks on bbc iplayer is also fun. We also love the fun games on busy things – check tapestry for log in details.	We will be practicing counting to 10 this week. You need a partner for this activity. Choose an adult or brother/sister. Pick a number between 1-10. (Let's say 5) Choose an action. JUMP! Jump this many times. Play around with different numbers and different actions. Swap and let the other person have a turn too. Make sure you count each time you do the action. Don't forget to stop at your number.	Can you collect some of your favourite toys in your home? Collect 2 toys to begin with and count them. Collect 2 more. How many do you have all together? Keep adding more toys to your collection, counting all of them together each time. If you can take a picture and add this learning to tapestry we would love to see!	You need a partner for this activity. Collect 10 of your toys. Try to choose small toys / bricks ect. Find a blanket. Let your partner hide some of the toys under the blanket without you looking. How many do you think are under there? Keep playing the game, swapping and taking it in turns.	How many circles can you cut out using children's scissors and paper? Can you practice writing numbers on the circles? Try and make at least 6, all different sizes! Can you order them longest to shortest? Can you explain this to your parents?	Using playdough can you make some wriggly worms by rolling the playdough? If you can take a picture and add this learning to tapestry we would love to see!

Mindfulness/ Wellbeing	Texture bag. Adults: Place several small, interestingly shaped or textured objects in a bag. Let your child reach in and touch an object, one at a time, and describe what they are touching. Make sure they don't take the object out of the bag, forcing them to use only their sense of touch to explore the object.	The body scan Lie down on your back and close your eyes. Squeeze every muscle in your body. Squish your toes and feet, squeeze your hands into fists, and make your legs and arms as hard as stone; After a few seconds, release all of your muscles. How does your body feel?	1 minute quiet breathing Set a timer. Sit comfortably and close your eyes, concentrating on your breathing. Let it relax your mind and body. Talk about how it made you feel afterwards.	Heartbeat Set a 1 minute timer. Exercise in different ways for that whole minute! Star jumps, running on the spot, hopping, have some fun and choose different exercises! When the time is up, put your hand over your heart and feel how your heart is beating.	Mindful walking Go for a short walk (with an adult) Make sure you stay silent for the whole walk. Notice the air on your skin and the noises you can hear. Can you see any insects?
Create Start with the challenge, then have fun and free play	Using felt tips can you draw your favourite sweet treats?	Sing old macdonald had a farm with your family. What other nursery rhymes do you like?	Using paints can you paint your favourite farm animal?	Using children's scissors can you cut out a circle? Can you draw a funny face on your circle? Can you practice cutting more circles? (link to maths)	Using playdough Can you make lots of balls? Can you squish them down now and stack them like a tower?
