10th June 2020

RE: Nursery

Dear Parents/Carers,

We write to you regarding the proposed reopening of Nursery from 15th June. We thank all parents for completing the google forms and speaking candidly to teachers about your views. Based on your parental preference, available space and the per m² ratio requirements, we have made the decision that Nursery will **not** return to school this summer term. We will continue to support parents with remote learning via Tapestry our online platform using Oak Academy lessons.

Those nursery children already attending school as part of the identified groups will continue to this provision as they are currently.

Please contact the school or your class teachers via email if you would like to discuss this further.

Take care and stay safe.

Yours sincerely,

.....
Galiema Amien-Cloete
Executive Head Teacher

.....
Lisa Christiansen
Head of School
