**In this issue:**

- Science
- Technology
- Mathematics
- Art and Design

**Computing**

In computing in Lea class, they went on scratch to look at a project and shared what they found.

“It was fun watching the rocket land on Mars.”

**Science**

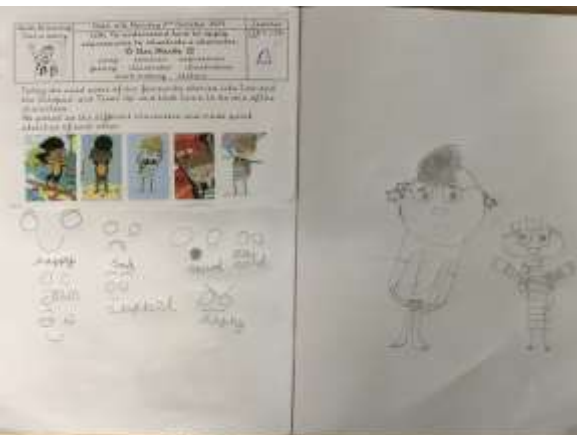

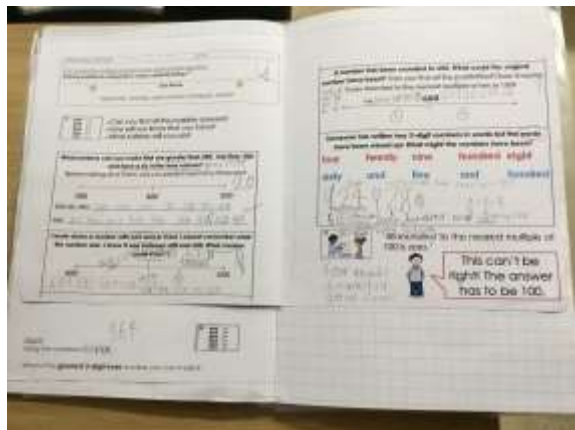

In Jellyfish class this week, they had their first gardening session. They planted some pumpkin seeds and started to fill their compost bins. We cant wait for their crops to start growing so we can get the opportunity to taste them. “We dug some holes and placed some seeds in the soil and

**Mathematics**

In year 3/4, they have been looking at problem solving and how to be systematic in finding all the possible answers.

They used number lines and rounding skills to find the answers in their work.

**Art and Design**

In year 2, the children have continued their unit on Drawing by developing new character illustrations, which is linked to their English text, and applying skills with line and mark making to add expression and detail.
