Science/ Gardening:

In science club, the children started an experiment with the 3/4 ambassadors on toothpaste.

Rotherhithe has teamed up with RSPB an big schools' birdwatch. The challenge is to sit down for 1 hour in a green space or your garden and record the number of birds that you see. The class with the most children participating will win a prize. So get

Art:

In art this week, certain children from across the school were chosen to help design clay as a sign for the outdoor plants. They designed letters and numbers regarding their school year.
