Maths

In John's math they learned to identify fractions of shapes with different numerators.

Computing

In Lea and Brent class they did their second computing lesson, and were learning how to make more format cells, also were organising what way the class transported to school.

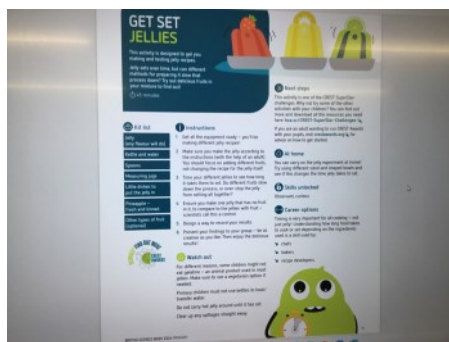

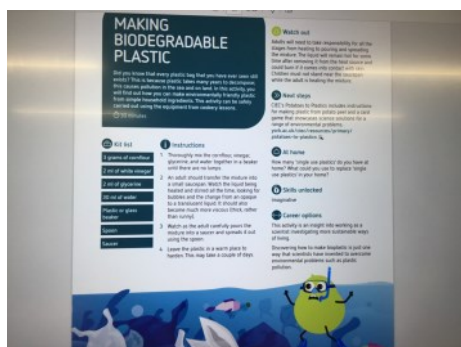

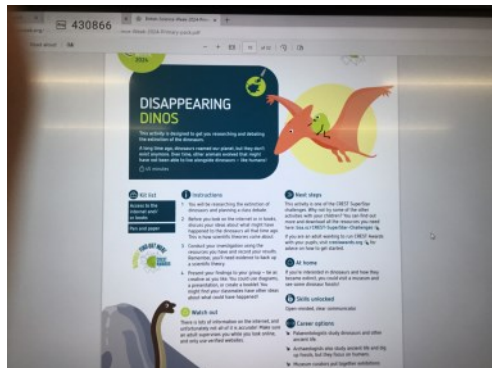

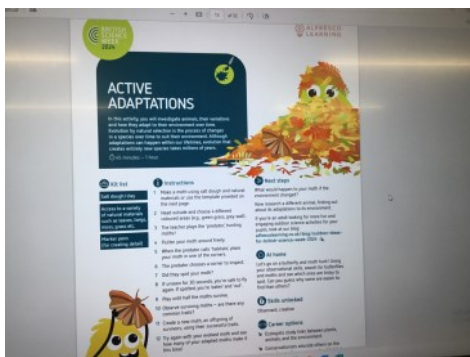

Art

In year 2, John's class were working on collage artwork, and using many different shapes, and bright colours to select from. They also had tools like sponges, brushes and colourful tooth-pics!

Science

In science club this week they have been deciding a projects to do at a stall at the 'S.T.E.A.M' week fair.

Art Club

Look at our lovely 'Shape Art'!
How many different shapes have they used?
