

Year 1 Sculpture and 3D: paper play

What I already know:

- I can explore materials and natural objects
- I can use tools
- I can join clay together
- I can design and make clay animal sculptures.

What I will learn now:

- To roll paper tubes and attach them to a base securely.
- To shape paper strips in a variety of ways to make 3D drawings.
- To create a tree of life sculpture
- To work well with others
- To paint the sculpture completely

What I will learn next:

- I can flatten and smooth clay, rolling shapes successfully and making a range of marks in the clay.
- I can make a basic pinch pot and join at least one clay shape onto the side using the scoring and slipping technique.
- I can roll a smooth tile surface.
- I can join clay shapes and make marks in the tile surface to create a pattern.
- I can draw a house design and plan how to create the key features in clay.
- I can create a clay house tile that has recognisable features made by both impressing objects into the surface and by joining simple shapes.

Louise Bourgeois

Vocabulary

| | |
|------------------------|---|
| Cylinder | A tube shape |
| Detail | Extra decoration or items that add interest |
| Sculpture | Art in three dimensions; walk all around it to look at it |
| Three dimensional (3D) | A solid shape; art that isn't flat on paper |
