

Art and Design

The children in Octopus class were learning how to weave.

‘We got long pieces of pink paper and we weaved it in and out. I really like weaving.’ - Georgia

Science

The children in Year 4/5 were learning how to understand the life cycle of plants.

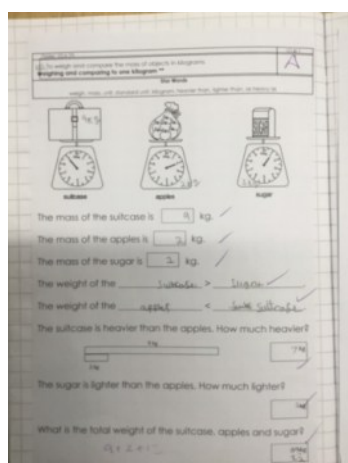

“ I found it very interesting and I liked it when we learnt about the life of a plant.” - Lola

‘Plants can reproduce asexually which means without the male and female parts coming together. We set up an investigation by putting root powder on the tip of the basil plant and after 3 days we saw roots!’ - Anis

Mathematics

The children Eden class have been learning how to weigh and compare the mass of an object in kilograms.

Gardening

Look at our garden plots! Our gardeners have been very busy planting an assortment of vegetables and herbs and they are growing really well. Can you name what has been grown?

"I liked the coding and how the character moved in different directions." - Daniella

Computing

The children in Severn Class were learning how to understand starting points in a design process.

wfs 07.06.25 Programming: Repetition in games LOT: To understand starting points in a design process ☆ Star Words ☆ scratch, programming, sprite, blocks, code, loop, repeat, value		
Shape	Logo Commands	Scratch blocks
	repeat 4 [fd 50 rt 90]	
	repeat 3 [fd 50 rt 120]	
	repeat 6 [fd 50 rt 60]	
	repeat 8 [fd 50 rt 45]	
	repeat 10 [fd 50 rt 36]
