

Rotherhithe Primary School Curriculum 2025/26

Our school curriculum reflects our strong belief that all children have entitlement to a broad, rich and deep curriculum; a curriculum which has been designed to specifically meet the needs of our unique community of learners. Through this, our children will achieve their full potential within the context of a stimulating and exciting learning experience.

Our aim is to promote in our children a love to learn which will last a lifetime.

Our curriculum is based on the National Curriculum Framework.

Rotherhithe Primary School Curriculum 2025/26

Aims and Objectives

At Rotherhithe Primary School we aim to provide a rich and meaningful learning experience for all our children, which will prepare them for the ever-changing world of the 21st century. In designing our curriculum, we aim not only to maximise the natural and man-made resources around us, but to build directly on the experience, needs and interests of our children, as well as the expertise of the staff. We take into account the cultural and social diversity of all our pupils, therefore creating opportunities for all to succeed. This is a curriculum for us by us.

The Hidden Curriculum

These are the values which lie beneath the main subject areas. They are integral to our philosophy of teaching and learning. Our curriculum develops thinking skills, communication skills, creativity, enterprise, questioning and presentation, all of which are transferable skills. At Rotherhithe Primary School we teach these skills across the curriculum, and discretely through Mindfulness and PSHE lessons. We want our children to understand how the brain works, how to identify and handle problems, and how to see themselves as part of the global community; a viewpoint, which shifts between “me”, to “we” and to “us”. Our children have high aspirations and a clear viewpoint of themselves within the local and global community.

Oracy

Oracy is central to our curriculum at RPS. We know that teaching children to become effective speakers and listeners not only improves school outcomes but is a proven route to social mobility. By teaching children to communicate effectively, we empower them to better understand themselves, each other and the world around them. Our Oracy framework (taken from Voice 21) allows for progression through key Oracy skills (physical, linguistic, cognitive and social and communication) and opportunities to embed these skills through meaningful talk is woven

throughout our curriculum.

Forest School

We have an onsite Forest School and also access Southwark Park's Forest School. The aim of Forest School is to provide outdoor learning experiences for children, and to provide them with opportunities to explore and engage in meaningful play in a natural environment. Children love our Forest School provision and all children in EYFS will have a block of Forest School.

Specialist Teaching

Through specialist teaching in music, children learn a variety of instruments including recorders and percussion instruments. Children take part in a weekly singing assembly.

We believe that being active and fit builds a happy future both physically and mentally for our children. Our PE curriculum offers dance, gymnastics, swimming and games sessions. We also offer a range of after school clubs such as dance, judo and team sports. We have been awarded Enhanced Healthy Schools Status.

Leaders of the Curriculum

- Art & Design: Alex Montgomery
- Computing and I.T.: Anthony Williams
- Design Technology: Conor McTernan
- English: Nina Hall
- EYFS Lead: Galiema Amien-Cloete
- History: Sinead Lewis
- RE: Grace Adeyeye

- Geography: Anthony Williams
- Maths: Annalise Loughnan
- Music: Lisa Christiansen
- PSHCE & SMSC: Kealan Doherty
- Science: Alexandra Montgomery
- PE: Conor McTernan
- John Deighan: Spanish

Where to find documents

For parents, all curriculum documents can be found on the school website in the 'Our Learning' section, which includes useful links to support home learning.

For staff, all curriculum documents are found on RPS Sharepoint in the curriculum folder. Plans and resources are saved in year group folders.

Involving Parents

Each year group provides a termly curriculum overview which outlines the main objectives for each subject studied that term. A copy of this termly map is available on the school's web

Early Years Foundation Stage Curriculum 2025-2026

At Rotherhithe we have an active Early Years department that works together to support you and your child to have a happy start to school.

The nursery and reception classes are guided by the **Early Years Foundation Stage Curriculum**. This is a play-based curriculum built around teaching children skills and knowledge across seven areas of learning. The Prime **(in bold)** and Specific Areas are:

- **Personal, social and emotional development**
- **Physical development**
- **Communication and language development**
- Literacy
- Maths development
- Understanding the world
- Expressive arts and design

There are 17 early learning goals that children are expected to achieve at the end of the foundation stage. Our curriculum is based on the Birth to 5 Matters guidance: <https://birthto5matters.org.uk/>

Children develop, learn and play in different ways and at different rates. At Rotherhithe, we see all the areas of learning and development as equally important and interconnected.

Aims:

- At RPS, we recognise the importance of building a foundation of Personal, Social and Emotional Development (in particular wellbeing and dispositions) alongside Communication and Language plus Physical Development in determining children's future outcomes in learning.
- Through our enabling environments indoors and out and supportive positive relationships, each child can develop, learn and play individually.
- We are committed to the principle of learning through well-planned and purposeful play embedded in continuous provision that supports every child's capacity to learn, form relationships and thrive.
- At Rotherhithe, we believe that children should have real and interactive opportunities to experience adventure, risk and challenge both indoors, and out.

Children are taught through a mixture of child led and adult led activities. We encourage independence, perseverance, self-confidence, creativity and critical thinking.

Starting school and settling in:

Children settle into the early years setting by gradually increasing the amount of time they stay in school. This helps the children to get used to the routines and rules, to develop relationships with the staff and other children and to learn how to use the learning environment. Children do not all start at the same time to allow them to have increased direct time with their key person. This supports children's emotional wellbeing.

Settling in consists of stay and play sessions and then a build-up of hours each day with the aim of most children being full time within a week but every child is unique and may have different needs and previous experience. Your child may have been in nursery provision before or may be leaving home for the first time. This can be discussed with the teacher and your key person to manage the settling in period to best suit your child.

Children are supported to settle into their early years classes through several measures. In Nursery each child will be assigned a key person who will form a special relationship with you and your child in order to help them settle, make new friends and to collect evidence of your child's abilities and achievements to inform their learning journey record and baseline assessment. Your key person will spend time with your child during the first few weeks of school helping them to adjust to the routines, to make friends and to take part in the activities. It is important to spend a little time at the beginning and end of each day to check in with your child's key person, to exchange information that may help your child to settle easily.

Curriculum

Your child will have access to a wide range of resources and activities and we have invested heavily in our early years learning environments both inside and out. These are set up every morning before the children come in so that children can experience and explore activities and provision in all seven areas of learning.

Activities are planned around the observed interests of the children and are sometimes adult led and sometimes child initiated. Adults are always available to support children learning whilst playing.

There are core activities that happen every week, such as cooking, playing maths games, talking tables, mixing paints, making playdoh. Story times and carpet times are included in every session

throughout the early years provision. Carpet times include phonics, literacy and maths teaching. In addition to this, the curriculum is enriched with regular outings and visits to the local community and beyond and all children receive **sports skills and music lessons** with teachers.

All children in the Early Years attend Forest School sessions at some point,

Mindfulness and Zones of Regulation

Rotherhithe is a mindful school; this begins in the early years. Teachers support children to use mindfulness to manage and self-regulate their emotions and behavior. Zones of Regulation is a technique used to provide children with the language to articulate their emotions. Children as young as three years take part in short brain breaks. Please see the mindfulness section on the website for more information (<http://rotherhitheprimary.co.uk/mindfulness/>).

Developing literacy skills.

In addition to our continued focus in the early years on communication and language, the children will be following the Read Write Inc programme to help them learn to read and write. This begins in the second term of nursery and then carries on into the reception year.

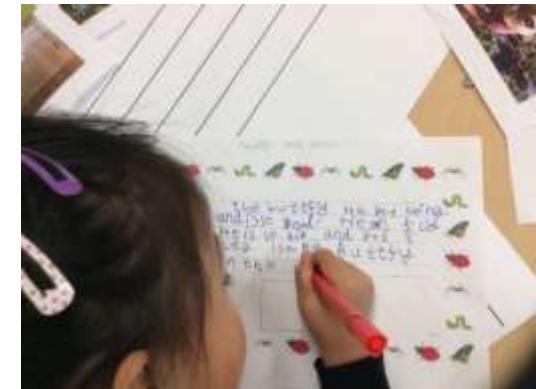

Assessment

The early years foundation stage starts at birth and ends when a child has transitioned into year one. Children are assessed throughout the stage. After your child has settled in, a statutory Reception Baseline Assessment will be carried out where children will engage in a set of practical activities. Following this, children are assessed every half term. Assessments inform future planning to ensure that all children make progress in their learning. In the early years we plan for the half term, the week and each day.

In the summer term, teachers gather evidence to support their final judgements for the Early Years

Foundation Stage profiles. The expectation is that most children will achieve a "Good Level of Development" in personal social and emotional development, physical development communication and language, literacy and maths. By the end of the foundation stage children are expected to:

- Write simple sentences with plausible phonetic spellings- children who should exceed the good level of development should be writing some compound words
- Read simple sentences relying on phonics and contextual cues
- Have a deep understanding of number to 10, including the composition of each number
- Be self-confident, manage their own feelings and behaviour
- Be able to make relationships with others
- Listen and attend and follow instructions
- Ask and answer questions.

Tapestry:

We record children's achievements through an electronic system called Tapestry. Observations, photographs, and videos of your child playing and learning are recorded on school iPads. All parents are given a secure login to this so that you can view your child's record at any time. This will be individual to you and is completely safe.

Through this login, you can also upload photos or make comments about activities and outings you have had at home and at the weekends and any learning you have noticed. Informing us of your child's learning experiences at home helps us to assess your child's achievement more accurately

and supports a partnership between home and school. Every child also has a special learning story book which contains photos and work that they choose from their electronic record. This is kept in their classroom so they can access it at all times.

Parental involvement

We have a strong focus in the school on parental involvement and this is evident in early years. There are many opportunities to get involved, family learning workshops are held regularly. Workshops include, helping your child to write, managing challenging behaviour and supporting phonics at home.

We have links with the Children Centre in Southwark Park with a full range of activities for families (adults and children) that carry on throughout the holidays. A timetable can be found in the entrance hall of the school or on the Southwark website.

We have a Parent and Teacher Association (PTA) that helps us to organise events such as Summer Fair and Christmas Fairs.

Staff and senior leaders are at the gates every morning and afternoon. We would like every parent and child to feel welcome and valued in our school. We will do our very best to support you and your child to have a positive and productive experience of school life.

Nursery Long Term Curriculum Map

Core Activities

Core activities create the building blocks for all learning, growth and development in EY. Through the planning cycle Core Activities are shaped by children's interests. Practitioners adapt and plan through these activities to support development in the Prime and Specific Areas with an appropriate level of challenge to simulate and engage all learners.

Sand and Water Tray	Cooking	Forest School	Gardening	Block Play	Malleable Materials	Role Play	Small World	Painting & Colour mixing	Junk Modeling	Finger Gym
Indoor and outdoor continuous provision	Weekly	Elements incorporated into outdoor provision.	Adult led planting in response to the seasons. Free play 'garden area'	Indoor and outdoor continuous provision. Planned challenges to link with texts.	Playdough, foam, jelly beads, cloud dough, clay.	Home corner throughout the year. Additional role play in children's interests.	Indoor and outdoor linked to themes and interest led.	Begins adult led as children develop skills work independently at painting stations.	Open ended opportunities promoting independence. Adults support planning and reviewing work.	Range of activities to build up finger strength and dexterity

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2

Physical Development PE coach Gross Motor	<p>Fundamental Movement Experiments with different ways of moving. Begin to negotiate space successfully when walking, running and hopping. Wheeled toys Bikes, scooters and other wheeled toys.</p>	<p>Climbing & Balance Develop core muscles and strength to pull bodies up on climbing equipment . Work on balance when climbing and traveling over, under and around obstacles. Wheeled toys Bikes, scooters and other wheeled toys.</p>	<p>Jumping Practice pushing feet down into the ground to jump with increased height and distance. Wheeled toys Bikes, scooters and other wheeled toys.</p>	<p>Throwing and Catching Develop hand-eye coordination to propel objects further with increased accuracy and catch fast moving objects. Wheeled toys Bikes, scooters and other wheeled toys.</p>	<p>Kicking and Batting Develop co-ordination and eye tracking to kick small and large balls and use a begin to use a bat. Wheeled toys Bikes, scooters and other wheeled toys.</p>	<p>Multi skills and Athletics Practice key skills for Sports Day Activities. Wheeled toys Bikes, scooters and other wheeled toys.</p>
Fine Motor & Mark making / writing	<p>Rolls, pounds, squeezes and pulls play dough Hold and use a range of small tools and objects such as tambourines, jugs, hammers and mark making tools Begin to turn pages in a book</p>	<p>Use paintbrushes to explore creating dots, lines, circular strokes; develop wrist action Snips with scissors; create Christmas snowflakes Manipulate clay to create diva lamps Use utensils for cooking in small groups</p>	<p>Copies circular, vertical, horizontal strokes and lines with mark making tools Construction with a variety of small materials and tools Use different sized and shaped cutters for making gingerbread biscuits Turn pages of books independently</p>	<p>Trace shapes and lines with mark making tools Begin to form some letters in learnt in phonics Use windup toys and buttons to make things move and go Represent ideas and ascribe meaning to pictures drawn</p>	<p>Planting seeds and using water cans and sprays Manipulate playdough to make snakes, and small balls Begin to hold mark making tools with tripod grasp Begin to write name</p>	<p>Write name and represent some other letters Use scissors to cut straight lines Paint and represent pictures with some details eg eyes nose mouth</p>

Healthy and Self care	Learn daily routines and handwashing Use the toilet independently and/or ask for help if needed Eat and use utensils with greater independence	Eat independently Take on and off winter clothes independently Assess risk and use resources and equipment in school safely	Learn about oral hygiene and brushing teeth Try and taste different foods Develop breath control for brain breaks	Assess risk and be safe at home and in school; is it safe? Road Safety Talk about the body and name body parts.	Healthy eating and food Learn about growth and change in humans and animals	Learn how to look after our bodies in the hot weather Talk about ways to keep healthy
Communication and Language	Rhymes and songs that use the whole hand 1:1 talking time with adult Introduce 'Word Time' for daily vocabulary input Introduce What's in the Box? Sorting and classifying toys and objects Labelling objects; what are they for? Dress up games & Puppet Play Phase 1 phonics: Tuning into sounds: sound discrimination of instrumental sounds and body percussion	Rhymes/song that use fingers Introduce Talking Tables Share and talk about Tapestry posts Mystery Box and Touchy feely bags Action games and songs for verbs Prepositions: under, behind, in front of, on top of. Phase 1 phonics: Listening and Remembering Sounds: Rhythm and rhyme Voice sounds	Rhymes/songs that cross the midline Act out fairy tales Sequence and retell stories; first, then, now Use language related to measure for size; big, small, medium Introduce 'story telling tent'	Rhyme Time: rhymes that use the whole body Comment, predict and explain Science experiments Introduce 'Big Picture' answer who, what and where questions Opposites: fast/slow quiet/loud big/small Phase 1 phonics: Talking about sounds (developing vocabulary and language comprehension) Playing with initials sounds, can you hear and say initial sounds	Rhymes that: involve games and movement Introduce Story Maker Explain 'odd one out' scenes Listening games for identifying animal sounds Use language related to length and weight Read Write Inc Phonics Continue with children's next steps following RWI sound order Read Write Inc Phonics Identifying and saying initial sounds in words	'Rhyme Time' challenge Share and talk about their 'special place' (Tapestry) Begin to answer 'why' questions Listen and do 2-3 part instruction activities Use language related to time; today, tomorrow, yesterday Read Write Inc Phonics Continue with children's next steps following RWI sound order
Literacy	Share favourite stories/songs/rhymes	Children begin to take home books from school	World Book Day activities	Begin reading sessions with parents	Children create their own stories with 'story maker'	Complete 'book reviews' of favourite stories

	<p>Join in with actions to rhymes and stories</p> <p>Read stories 1:1</p> <p>Identify main characters in familiar stories</p> <p>Use Story Sacks</p>	<p>Share stories in small groups</p> <p>Listen and join in with repeated refrains</p> <p>Recognise familiar words in environment and own name</p> <p>Talk about illustrations in books</p> <p>Story Maps</p>	<p>Talk about settings in stories</p> <p>Begin to tell Helicopter stories using key story words eg once upon a time</p> <p>Story Maps</p> <p>Sequencing stories using pictures</p>	<p>Explore information books about animals</p> <p>Make up new endings for favourite stories</p> <p>Take greater notice of letters in books and print</p> <p>Children choose books to take home</p>	<p>Sequence stories; beginning, middle and end</p> <p>Begin to make and create our own story books</p> <p>Story sacks for 'Monkey Puzzle' & 'The very Hungry Caterpillar'</p>	<p>'Rhyme Time' related to seaside</p> <p>Make an "This is Me" book</p>
Mathematics	<p>Routines: Introduce and develop morning routines incorporating daily number rhymes and songs. Counting at snack time. Daily exposure to orally rote counting.</p> <p>Maths area: Introduce maths area where children can explore a range of counting materials and collections.</p> <p>Numicon: Become familiar with the numicon shapes. Play sorting activities and matching games.</p> <p>Counting and Cardinality Begin to say number words in sequence,</p>	<p>Routines: Introduce the Birthday Box with numerals, cards, hats, candles etc. for celebrating birthdays. Children discuss how old they are and look for their numbers in the box. Story: Spot's Birthday</p> <p>Maths area: Introduce 5 frames for counting songs to 5 with props for reciting and acting out the songs. (linked to children's interests)</p> <p>Numicon: Recognise and name numicon pieces to five.</p> <p>Counting and Cardinality Consistently use the</p>	<p>Routines: Children help adult to count out a number of things from a larger group focusing on the 'stopping number' during snack time</p> <p>Maths area: Investigate mathematical tools eg calculators, timers, measuring tapes.</p> <p>Numicon: Match numerals to the numicon shapes and practise ordering them (1-3) Find numicon pieces that are equal/the same.</p> <p>Counting and Cardinality Know that numbers identify how many objects are in a set. Count every item in a</p>	<p>Routines: Introduce calendar and days of the week into daily routine. Counting down the days to an event. Children count and say how many (cardinal principle) for their snack.</p> <p>Maths area: Incorporate mathematical problems into role play areas for transport eg. five-frames for trains and buses, tickets, train times, directions.</p> <p>Numicon: Find a numicon shape that is less/more than mine. Count and match</p>	<p>Maths area: Free exploration of conservation of number using sorting trays set (such as ice cubes trays and egg boxes) Introduce Hungarian 5 frame and 10 frame.</p> <p>Numicon: Order Numicon pieces to 5. Match Numicon pieces to groups of given objects. (minibeast game) Make repeating patterns using numicon shapes.</p> <p>Comparison Match groups of objects with the same number</p>	<p>Numicon: Match numerals to the numicon shapes and practise ordering them (1-10) Use a magic feely bag to find matching numbers. Composition of 5: find two shapes that make up 5.</p> <p>Counting Develop order irrelevance principle by counting irregular arrangements of objects. Children can say one more than a given number within 5. Can count backwards from 5 then 10. Begin to count on from a given number within 10 using a number line.</p>

<p>may be at string level where words are continuous undifferentiated. Will use some counting words randomly. Develop one-to-one correspondence when setting up the home corner. Encourage children to set up each plate with a cup etc.</p> <p>Comparison Describe the groups using mathematical language eg 'few' and 'lots'</p> <p>Subitising Play 'grabbing games' where children develop a sense of 'two-ness' and 'one-ness' Explore groups of two eg. Two eyes, two hands, two feet etc. Children instantly recognise groups of two without the need to count.</p> <p>Number Recognition Notice numbers in the environment. Recognise numbers of personal significance eg. Their birthday</p> <p>Shape, Space, Colour Complete simple</p>	<p>number words in the same order (stable order principle) Christmas Performance songs based on counting songs</p> <p>Comparison Children develop understanding of 'fair' and 'unfair' with numbers. Children can share fairly through practical activities such as putting food on plates or sharing toys equally; Teddy Bear's Picnic Children can check that groups are equal.</p> <p>Subitising Makes a small collection of up to three objects to match another collection of objects.</p> <p>Number Recognition Recognise numbers in recipes eg. When making Gruffalo food and Reindeer Food</p> <p>Shape, Space, Pattern Capacity: making potions 'full' 'empty' 'nearly empty' Positional language linked to Bear Hunt</p>	<p>set only once, using only one number word (one-one principle) Can predict what the outcome will be in stories, rhymes and songs if one is added to, or if one is taken away. Act out with props linked to the story.</p> <p>Comparison Can indicate which set has more or which set has less. Uses number language, such as 'less' or 'fewer'</p> <p>Subitising Fast recognition of up to three objects Quick recognition of 'three' 'not three'</p> <p>Number Recognition, Representation Can represent numbers using fingers. Can pick out a matching numeral to a numeral that is shown to them up to 3. Can sort different representations up to three linked to fairy tale characters</p> <p>Measure, Pattern Beanstalk height order</p>	<p>counters to numicon pieces.</p> <p>Counting Count actions, such as claps or jumps. Count at different speeds as they jump quickly/slowly, or a mixture of the two? Listening games for counting. Playing track games and counting along the track.</p> <p>Comparison Children can compare numbers that are far apart reasoning explaining unfair sharing - 'This one has more because it has 5 and that one only has 2'</p> <p>Conservation: knowing that the number does not change if things are rearranged (as long as none have been added or taken away) linked to bus and train games</p> <p>Representation Count out objects to match numbers up to 3 then 5</p>	<p>quantity of objects stays the same when they are spread out or moved closer together.</p> <p>Subitising Can show a number of fingers to five 'all at once', without counting. Recognise the significance and value of zero</p> <p>Number Recognition, Representation and Ordering Can record using marks that they can interpret and explain. Can recognise numerals 0 to 5. Can read numbers beyond on a number line by dropping back to 0. Can represent numbers using marks on paper or pictures</p> <p>Patterns Develop reasoning skills for finding 'odd one out' in pictures. Create and extend and ABAB patterns</p>	<p>Comparison Compare sets of objects, saying if it is one more or one less using duplo. Children being to reason using full sentences.</p> <p>Subitising Automatically know numbers on a dice to 5. (Hungarian 5 frame games to support)</p> <p>Patterns I can recognise follow, copy and create patterns with sounds and actions. I can notice and correct an error in a simple repeating pattern</p>
--	--	--	--	---	--

	puzzles and shape sorters. Name a range of different colours Children can sort objects by size, colour and shape. Some objects can be identical.	Story. Patterns for wrapping paper at the Elves workshops: spotty/zig zag/	and describe. Size ordering Goldilocks and the three bears. Story: 'Simon Sock' matching pairs of socks by their pattern	Patterns/Shape Create an ABAB pattern with colours and shapes. Use shapes to create pictures. Copy pictures and create my own pictures.

Reception Long Term Curriculum Map

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Theme	All About Me Settling in	Once Upon a Time	Superheroes	Beans and Butterflies	Pirates	If I had a....
Core Books	A super Duper You! by Sophy Hen	The Three Little Pigs by Mara Alperin	Traction Man by Mini Grey	Jack and the Beanstalk by Richard Walker	Pirate Stew by Neil Gaiman	If I had a dinosaur by Gabby Dawnay and Alex Barrow
	You choose by Pippa Goodhart/Nick Sharratt	The Gingerbread Man by Mara Alperin	Super Daisy by Kes Gray	The Hungry Caterpillar by Eric Carle	Come away from the water Shirley by J. Birmingham	Our very own dog by Amanda McCardie
	It's Ok to be different by Todd Parr	Author Focus: Julia Donaldson	George and the dragon by Chris Wormell	J & the B Penguin illus. by C. Gledhill	Don't disturb by R. Findlay	Dear Zoo by Rod Campbell, Oi Dog by C Gray & K Gray
	The Family Book by Todd Parr	Room on the Broom by Julia Donaldson	Author Focus: Sue Hendra	Superworm by Julia Donaldson	Author focus: Roaring Rockets by Tony Mitton	Boogie Bear by David Walliams
	Charlie and Lola books with Soren Lorenson in it: It wasn't Me!	Monkey Puzzle by Julia Donaldson	Supertato books by Sue Hendra and Paul Linnet	The tiny seed by Eric Carle	Super Submarine by Tony Mitton	The Ugly Five by Julia Donaldson
	Hair Love by Vashti Harrison	The Gruffalo by Julia Donaldson	Supertato Spertato: Veggies Assemble	Egg Drop by Mini Grey	Brilliant Boats by Tony Mitton	The Kaola who could By Rachel Bright and Jim Field
		The Gruffalo's Child by Julia Donaldson	Supertato: Run Veggies Run	The Odd Egg by Emily Gravitt	Dig Dig Digging by Tony Mitton	Femi the Fox by Jeanette Kwakye
		Stick Man by Julia Donaldson	Supertato: Evil Pea Rules		Lost & Found by Oliver Jeffers	
		We're going on a Bear Hunt by Michael Rosen	Supertato:		Look up! By Nathan Bryon	
		We're going on a leaf Hunt by Steve Metzger	Veggies in the Valley of Doom			
Communication & Language	Listening & Attention: Listen and respond for short whole class carpet sessions	Listening & Attention: Join in retelling stories with repetitive refrains in core stories	Listening & Attention: Join in retelling stories and build the core story	Listening & Attention: To learn dances with instructional actions	Listening & Attention: To listen and recall the main events of the story	Listening & Attention: Listening to different animals in their habitats

<p>Listen and participate in small group sessions</p> <p>Introduce circle time object for children to pass around and take turns talking within a larger group</p> <p>Speaking: Practice requests necessary for school eg "Can I have a turn?" "I need the toilet"</p> <p>Create a home language display in collaboration with parents.</p> <p>Play with sounds in words through phase one phonics songs and activities</p> <p>Understanding: Play games and songs with instructions eg. Simon says</p> <p>Practice transitions with key instructions eg. Now it's time for fruit</p> <p>Sequence the order of the day with the visual timetable</p> <p>Rhyme Time: Create a bank of children's favourite and familiar rhymes</p> <p>Name songs</p> <p>Hello & Good bye song</p> <p>Please & Thank you</p> <p>Time to Talk: Explore the story "Would you Rather" and "You Choose"</p>	<p>Speaking: Act out and retell the stories using props and a story sack</p> <p>Play with words and sounds.</p> <p>Understanding: Develop understanding of prepositional words such as eg. over, under, through and play games for children to use and respond to instructions with these words</p> <p>Answer who, what, where questions about the core texts.</p> <p>Rhyme Time: I see the wind I hear thunder What's the weather? Christmas performance</p> <p>Language for Thinking Blanks Levels of Language questioning</p>	<p>Take part in a whole class story whoosh.</p> <p>Speaking: Children to present, explain and talk who their superheroes are and talk about what qualities makes a good superhero.</p> <p>Understanding: Understanding how we use a passport to travel.</p> <p>Understanding the role of a superhero.</p> <p>Generate questions for special visitor (Local hero)</p> <p>Rhyme Time: How to be a superhero. The superhero parade. Im a superhero. If I could be a superhero.</p> <p>Story Telling: Act out the story "Traction Man" with props. Change parts of the story.</p> <p>P4C questions</p> <p>Language for Thinking Blanks Levels of Language questioning for the In Space Scene.</p>	<p>To sustain attention concentration for a performance</p> <p>Speaking: Talking about what we need for a plant to grow.</p> <p>Making lists with our friends in how we can plant a bean.</p> <p>Talk in length about the lifecycle of a butterfly.</p> <p>Understanding: Children to generate questions about the topic – create a class KWL</p> <p>Begin to understand why and how questions</p> <p>Use and apply language related to measure</p> <p>Rhyme Time: Incey Wincey Spider Baby Bumblebee Worm at the bottom of my garden Baby butterfly Tiny Caterpillar on a Leaf</p> <p>Story Telling: Create stories about minibeasts on story maker and retell using story words</p> <p>P4C questions</p> <p>Language for Thinking Blanks Levels of Language questioning for jack climbing the beanstalk scene</p>	<p>and retell the core stories.</p> <p>Retell the core story – pirate stew.</p> <p>Speaking: To talk about their holidays and share pictures on Tapestry</p> <p>To speak about ways to keep healthy and share their personal experiences.</p> <p>To talk about what pirates might put in their stew.</p> <p>To role play with a partner in how pirates behave.</p> <p>To follow two – three part instructions when following their treasure maps.</p> <p>Rhyme Time: This is the way Im a pirate Over the deep blue sea.</p> <p>Story Telling: Create stories about superheroes on story maker</p> <p>P4C questions</p> <p>Language for Thinking Blanks Levels of Language questioning for the pirate scene</p>	<p>Speaking: Present and explain where different animals might live.</p> <p>Explain the difference between a farm, a pet shop and a zoo.</p> <p>Asking and answering questions with their peers about their work.</p> <p>To use the words 'because' accurately</p> <p>Understanding: Children generate questions about the topic – create a class KWL chart</p> <p>Rhyme Time: Walking in the jungle Down in the jungle How much is that doggy in the window Bingo was in name-o 5 little dogs Were going to the Zoo</p> <p>Story Telling: Create stories about animals and use story words and extend with adjectives</p> <p>P4C questions</p> <p>Language for Thinking</p>
---	--	---	---	--	--

	<p>Talking tables in small groups</p> <p>Language for Thinking Blanks Levels of Language questioning for Super Duper You</p>					Blanks Levels of Language questioning for a rainforest scene
Role Play	<p>Home Corner - Cafe Link children's own home lives through pictures/recipes foods from around the world. Look at different types of homes. Write shopping lists & read recipes. Key Vocabulary: iron, microwave, fridge, freezer, recipe, calendar,</p>	<p>Post office Prepare letter/ cards/ presents/ parcels to be sent around the world. Key Vocabulary: postal worker, stamps, weight, package, parcel, envelope, address, sender, receiver.</p>	<p>School Role Play Children decide and choose what they would like. Key Vocabulary: school, teacher, classroom, playground, homework, desk, pencil, paper</p>	<p>Garden Centre Sorting dairy, fruit, vegetables. Cash register to pay for foods and shopping list to write before going to the garden centre Key Vocabulary: dairy, carbohydrates, protein, freezer, organic, cashier, conveyor belt, plants, growing</p>	<p>Hospital/ dentist Look at the human body and skeleton. Taking X-Rays, administering medicine and writing prescriptions. Key Vocabulary: hygiene, stethoscope, prescription, appointment, patient, monitor, injections</p>	<p>Children to Vote and decide on an animal themed role play area ideas –</p> <ul style="list-style-type: none"> - Vet - Zoo - Pet shop - Puppy day care
PSED School Values Ambition, Creativity, Courage, Empathy, Resilience, and Respect.	<p>Making relationships Play name games with children to get to know one another Share likes and dislikes. Use the text "We are all welcome" Role play 'conflict resolution' with children and equip them with language for turn taking and sharing Introduce the areas of the classroom and model how to play in the different areas Discuss pictures on Tapestry with the class, creating displays of the</p>	<p>Making relationships Use a puppet who is new to the class to revise the class charter Play ring games together indoors and outdoors eg. Parachute games The Squirrels who Squabbled By Rachel Bright and Jim Field to explore sharing Play turn taking games in small groups Understanding emotions Zones of Regulation Create social stories from pictures on</p>	<p>Making relationships Make a kindness chain in the classroom using the story "Be Kind" as a stimulus. Role play scenes of how to be kind eg. Helping someone when they fall. Understanding emotions Discuss how to get to the green zone. Practice a range of calming techniques and encourage children to choose the ones that they find works best for them.</p>	<p>Making relationships Where the veggies in the Supertato series good friends why? What makes a good friend? What superpowers do good friends have. Create a list together. Sense of self What makes each one of us a superhero. What everyday super powers do we have. Link to the school values and share through stories and use of puppets.</p>	<p>Making relationships Use the story "Meesha Makes Friend" to explore the theme of friendship Discuss the Giant in Jack and the Beanstalk how is he feeling? Listen to the story being retold from the Giant's perspective. Sense of self Explore the story "Along came a different" to discuss difference between us all. Learn the song "We are Amazing" talk about differences.</p>	<p>Making relationships Work collaboratively with a group to create their habitat box, sharing ideas and taking turns Begin to do activities with their new teacher to build up a relationship with new staff Talk about Acts of Kindness Doing something kind for someone else. How can we help our friends? How can we help our school? How can we help our wider community and wider</p>

<p>children in the different areas playing together</p> <p>Talking tables for children to get to know one another</p> <p>Understanding emotions</p> <p>Introduce red, blue, yellow and red zone to children. Encourage children to share experiences. Link to core stories and use of puppets.</p> <p>Introduce brain breaks</p>	<p>Tapestry to link the zones of regulation and role play</p> <p>How our Brain Works:</p> <ul style="list-style-type: none"> Introducing Brain Breaks. Introducing the guard dog, the wise owl and the hippo. <p>Diversity Month</p> <p>Activities to planned across the school</p>	<p>Use a social story to discuss how to keep safe on the road. Roley play different scenes and talk about what you do if there is an emergency.</p> <p>Children's Mental Health Week</p> <p>A range of activities to take place across the school this week.</p>	<p>Explore the red zone and develop children's vocabulary. Discuss Evil Pea's character, why is he in the red zone? Why does he do evil things?</p> <p>Mindup!</p> <p>Mindful Seeing, Mindful Smelling, Mindful Tasting</p>	<p>Understanding emotions</p> <p>Explore the blue zone linked to the Giant.</p> <p>Expand on vocabulary for the blue zone. Talk about times children were sad and lonely. What can help? When you feel this way.</p>	<p>world (adopting an endangered animal)</p> <p>Understanding emotions</p> <p>Explore the yellow zone and develop vocabulary for emotions within the yellow zone. Explore the story "Ruby's Worry" and create a class worry box for children.</p>
<p>PSHE Kapow</p> <p>Empathy Lesson</p> <ul style="list-style-type: none"> -To Recognise and respect other people's feelings. 	<p>Self-Regulation</p> <ul style="list-style-type: none"> -Identifying my feelings Coping strategies -Emotional adjectives -Facial expressions 	<p>Building Relationships</p> <ul style="list-style-type: none"> -Special people -Sharing -I am unique -Similarities and differences -Sharing -What makes a good friend -Being a good friend 	<p>Building Relationships</p> <ul style="list-style-type: none"> -Special people -Sharing -I am unique -Similarities and differences -Sharing -What makes a good friend -Being a good friend 	<p>Managing Self</p> <ul style="list-style-type: none"> -Why do we have rules -Building towers -Team races -What is exercise? -Being a safe pedestrian -Eating Healthy 	<p>Managing Self</p> <ul style="list-style-type: none"> -Why do we have rules -Building towers -Team races -What is exercise? -Being a safe pedestrian -Eating Healthy
<p>Physical Education</p> <p>Multi-Skills Fundamental Movement</p> <p>Physical ability Confidence</p>	<p>Gymnastics Balance</p> <p>Physical ability Confidence</p>	<p>Throwing and Catching Co-ordination</p> <p>Ball skills</p> <p>Technique</p> <p>Confidence</p>	<p>Kicking with Feet Co-ordination</p> <p>Ball skills</p> <p>Technique</p> <p>Confidence</p>	<p>Athletics</p>	<p>Problem Solving</p> <p>Communication</p> <p>Rules</p> <p>Physical ability</p>
<p>Reading</p> <ul style="list-style-type: none"> • Shared reading of the core stories 	<ul style="list-style-type: none"> • Shared reading of the core stories 	<ul style="list-style-type: none"> • Shared reading of the core stories 	<ul style="list-style-type: none"> • Shared reading of the core stories 	<ul style="list-style-type: none"> • Shared reading of the core stories 	<ul style="list-style-type: none"> • Shared reading of the core stories

	<ul style="list-style-type: none"> • Children to bring in their favourite story to read • Create a “favourite stories” box as a class together • Newspapers, magazines, recipes books for the home corner • Phase 1 phonics teaching • Read Write Inc Set 1 • Take home “a book to share” 	<ul style="list-style-type: none"> • Reading Café begins • Story sacks & props for the Gruffalo • Non-fiction texts about seasons • Take home banded books begin • Make class book of children’s own stories • Read Write Inc phonics programme continues in groups • Library Trip 	<ul style="list-style-type: none"> • Reading Café Story sacks & props for stories • Take home banded books • Share books and stories about places around the world • Make class book of children’s own stories • Read Write Inc phonics • Library Trip 	<ul style="list-style-type: none"> • Reading Café Story sacks & props for supertato • Take home banded books • Story Maker • Read Write Inc phonics • Library Trip 	<ul style="list-style-type: none"> • Reading Café Story sacks & props for the Hungry Caterpillar • Take home banded books • Story Maker • Read Write Inc phonics • Library Trip 	<ul style="list-style-type: none"> • Reading Café Story sacks & props for the Gruffalo • Take home banded books • Reading Buddies with Year 6 • Story Maker • Read Write Inc phonics • Library Trip
Writing	<p>Writing Outcomes – All About Me</p> <p>Week 1 LO: To write my name/to draw and construct a self portrait</p> <p>Week 2 LO: To write a I can/I am sentence/I can write words to show who I am</p> <p>Week 3:LO: I can draw my family/I can write labels (labels of family drawing -Mum dad)</p> <p>Week 4: LO: I can describe my hair - words/labels/sentences</p> <p>Week 5: LO: I can write a book I am me (add into free flow)</p>	<p>Writing Outcomes – Once upon a time</p> <p>Week 1 LO: To write a list.</p> <p>Week 2 LO: To write a recipe for the gingerbread men and make your own gingerbread men.</p> <p>Week 3:LO: I make a lost poster for the gingerbread man.</p> <p>Week 4: LO: I can create an alternate ending for The Three Little Pigs.</p> <p>Week 5: LO: To write an invitation to a party.</p>	<p>Writing Outcomes – Superheroes</p> <p>Week 1 LO: To create a passport.</p> <p>Week 2 LO: To label costumes that superheroes wear eg cape etc.</p> <p>Week 3:LO: To create a list.</p> <p>Week 4: LO: To invent stories – superheroes.</p> <p>Week 5: LO: To create mini rescue reports.</p>	<p>Writing Outcomes – Beans and Butterflies</p> <p>Week 1 LO: To create a list</p> <p>Week 2 LO: To plant a bean and to create a bean diary.</p> <p>Week 3:LO: To create character speech bubbles for ‘Jack and the Beanstalk’.</p> <p>Week 4: LO: To create a butterfly diary.</p> <p>Week 5: LO: To write a butterfly description.</p> <p>Week 6: LO: To create an alternate story for The Very Hungry Caterpillar.</p>	<p>Writing Outcomes – Pirates</p> <p>Week 1 LO: To create a set of instructions.</p> <p>Week 2 LO: To create a wanted poster for a pirate.</p> <p>Week 3:LO: To create a diary.</p> <p>Week 4: LO: To create a storm description.</p> <p>Week 5: LO: To begin to write a pirate story</p>	<p>Writing Outcomes – If I had a.....</p> <p>Week 1: If I had a ...sentences</p> <p>Week 2: If I had a... book</p> <p>Week 3: Lists and instructions</p> <p>Week 4: Retelling a story</p> <p>Week 5: Rewriting a known story.</p>

		Week 6: To create an extended ending for a familiar fairytale story.				
Maths Mastery	Developing Early Mathematical Concepts U1 To classify objects and to sort them into sets. To match equal and unequal sets of objects using one-to-one correspondence. To compare objects by size. To compare sets without counting. To order objects according to size. To orders sets without counting.	Number withing 6 U3 Recognise, count and order numbers; say which numbers are 'more or less' Addition and Subtraction within 6 U4 Add two numbers by counting on. Subtract by taking away. Describe the direction on a number track when adding or subtracting. Measure U5 Ordering objects by size. Compare capacity and weight. Estimating and exploring length. Shape and Sorting U6 Describe and sort the properties of 3-D shapes. Use 3-D shapes create a variety of stable structures. Describe the position of an object or person using mathematical vocabulary. Follow instructions related to positional language	Numbers withing 10 U7 Recognise, count and order numbers; say which numbers are 'one more or one greater' 'one fewer or one less'. Apply knowledge of 10 to solve mathematical problems Calendar and Time U8 Use everyday language to discuss time, days of the week and seasons. Sequence events and record periods of time. Addition and Subtraction within 10 U9 Add two numbers by counting on. Subtract by taking away. Describe the direction on a number track when adding or subtracting. Explaining what happens when we add or take away from zero. Grouping and Sharing U10 Solve practical problems involving equal and unequal groups. Explore counting in steps of 2.	Numbers within 15 U11 Recognise, count and order numbers; estimate and compare groups of objects. Doubling and Halving U12 Solve problems and explore the relationship between doubling and halving Shape and Pattern U13 Describe 2D shapes and create patterns. Begin to describe 3D shapes.	Securing addition and subtraction facts U14 Commutativity Explore addition and subtraction. Compare two amounts Number patterns withing 20 U15 Count up to 10 and beyond with objects. Represent, compare and explore numbers to 20. One more or fewer. Number patterns beyond 20 U16 One more one less. Estimate and count. Grouping and sharing.	Money U17 Recognise and use everyday language related to money Measure U18 Compare objects and quantities, solve size, weight and capacity problems Explorations of pattern within number U19 Explore numbers and strategies Recognise and extend patterns Apply number, shape and measures knowledge Count forwards and backwards

Mastering Number	<p>Subitising Perceptually subitise within 3 Identify sub-groups in larger arrangements Create their own patterns for numbers within 4 Practise using their fingers to represent Experience subitising in a range of contexts</p> <p>Cardinality, ordinality and counting relate the counting sequence to cardinality opportunities to develop their knowledge of the counting sequence opportunities to develop 1:1 correspondence opportunities to develop an understanding that anything can be counted explore a range of strategies which support accurate counting.</p>	<p>Subitising Continue from first half-term Subitise within 5, perceptually and conceptually, depending on the arrangements.</p> <p>Cardinality, ordinality and counting continue to develop their counting skills explore the cardinality of 5, linking this to dice patterns and 5 fingers on 1 hand begin to count beyond 5 begin to recognise numerals, relating these to quantities they can subitise and count.</p> <p>Composition explore the concept of 'wholes' and 'parts' by looking at a range of objects that are composed of parts, some of which can be taken apart and some of which cannot</p>	<p>Subitising increase confidence in subitising by continuing to explore patterns within 5, including structured and random arrangements explore a range of patterns made by some numbers greater than 5, including structured patterns in which 5 is a clear part experience patterns which show a small group and '1 more' continue to match arrangements to finger patterns. , continue to develop verbal counting to 20 and beyond</p> <p>Cardinality, ordinality and counting continue to develop object counting skills, using a range of strategies to develop accuracy continue to link counting to cardinality, including using their fingers to represent quantities between 5 and 10 order numbers, linking</p>	<p>Subitising explore symmetrical patterns, in which each side is a familiar pattern, linking this to 'doubles'.</p> <p>Cardinality, ordinality and counting continue to consolidate their understanding of cardinality, working with larger numbers within 10 become more familiar with the counting pattern beyond 20.</p> <p>Composition explore the composition of odd and even numbers, looking at the 'shape' of these numbers begin to link even numbers to doubles begin to explore the composition of numbers within 10.</p> <p>Comparison compare numbers, reasoning about which is more, using both an understanding of the 'how manyness' of a number, and its position in the number system.</p>	<p>Subitising continue to practise increasingly familiar subitising arrangements, including those which expose '1 more' or 'doubles' patterns use subitising skills to enable them to identify when patterns show the same number but in a different arrangement, or when patterns are similar but have a different number</p> <p>Composition subitise structured and unstructured patterns, including those which show numbers within 10, in relation to 5 and 10 be encouraged to identify when it is appropriate to count and when groups can be subitised.</p> <p>Cardinality, ordinality and counting continue to develop verbal counting to 20 and beyond, including counting from different starting numbers</p>	<p>In this half-term, the children will consolidate their understanding of concepts previously taught through working in a variety of contexts and with different numbers.</p>

	<p>Composition see that all numbers can be made of 1s compose their own collections within 4.</p> <p>Comparison understand that sets can be compared according to a range of attributes, including by their numerosity use the language of comparison, including 'more than' and 'fewer than' compare sets 'just by looking'.</p>	<p>explore the composition of numbers within 5.</p> <p>Comparison compare sets using a variety of strategies, including 'just by looking', by subitising and by matching compare sets by matching, seeing that when every object in a set can be matched to one in the other set, they contain the same number and are equal amounts.</p>	<p>cardinal and ordinal representations of number.</p> <p>Composition continue to explore the composition of 5 and practise recalling 'missing' or 'hidden' parts for 5 explore the composition of 6, linking this to familiar patterns, including symmetrical patterns begin to see that numbers within 10 can be composed of '5 and a bit'.</p> <p>Comparison continue to compare sets using the language of comparison, and play games which involve comparing sets continue to compare sets by matching, identifying when sets are equal explore ways of making unequal sets equal.</p>		<p>confidence and accuracy in both verbal and object counting.</p> <p>Composition explore the composition of 10.</p> <p>Comparison order sets of objects, linking this to their understanding of the ordinal number system.</p>	
<p>Understanding of the World Science</p> <p>Developing Experts</p> <p>See Rocket Words</p> <p>Forest School</p>	<p>Our Body Learn about your body parts: the arms, legs and chest, hands, feet, eyes, nose, ears, mouth and hair. Discover how our bodies change. Explore our similarities and how we are all unique. How human's grow and change.</p>	<p>Weather and Seasons Learn about rain, ice and water. Describe why the air moves. Explore snow and melting. Discover how rainbows are formed. Learn about the seasonal changes that happen in Spring and Summer. Learn about the seasonal changes</p>	<p>Space Explore outer space. Discover why rockets are important.</p> <p>Forces Understand what happens when you push or pull something. Explore objects that sink and float.</p>	<p>Plants Discover that plants are living things. Learn about plants and where they come from. Explore how to look after plants.</p> <p>Insects and Invertebrates Learn about insects and invertebrates. Discover where insects and invertebrates live. Observe</p>	<p>The Senses Learn about the senses. Explore ways to make sounds.</p> <p>Science skill focus: observing Talk about melting, freezing and changes in materials. Can we speed it up or slow it</p>	<p>Environmental Awareness Boogie Bear Through this story begin to explore the idea of global warming and endangered animals. Discuss the affects of our actions on the environment.</p>

	<p>Focus on oral hygiene. Linked Stories: "What happened to you" By James Catchpole</p> <p>Animals Learn that animals are living things. Discover where animals live and what they need to survive. Explore where birds live. Learn about farm animals.</p> <p>Science skill focus: classifying Investigating magnets. Classify objects as magnetic or non-magnetic</p>	<p>that happen in Autumn and Winter.</p> <p>Environmental Awareness Rocket Says Clean Up! Through this story discuss the importance of look after our environment. What do the clean up crew do and why?</p> <p>Materials The three little pigs. Why did the house blow down? Which material is best and why? Build a new house for the three little pigs.</p>	<p>Machines Explore different types of machines and mechanisms. Learn how machines make jobs easier. Discover different types of transport.</p> <p>Science skill focus: predicting Friction train. Using ramps test out different materials attached to the ramp (bubbles wrap, tinfoil) mark how far the train travels each time. Record and evaluate your findings.</p>	<p>them in their habitats. Describe what a habitat is.</p> <p>Life Cycle: Butterfly: observe caterpillars in class From Egg to Chicks</p> <p>Science Week Selection of experiments chosen with the children</p>	<p>down? What would happen if?</p> <p>Food Learn about your diet and how to stay healthy. Explore different types of vegetables. Discover different types of fruit. Learn about chicken and eggs. Discover that cows produce milk. Examine different ingredients and then weigh them to make a mixture.</p>	<p>Animals Learn that animals are living things. Discover where animals live and what they need to survive. Explore where birds live.</p> <p>Light and Dark Learn about different types of light sources. Experiment with lenses and creating shadows.</p>
People, Culture and Communities	<p>Transitions Talking about starting school and making friends. Explore through the core story "We are all Welcome"</p> <p>All About Us Share about ourselves. Talk and celebrate our similarities and differences.</p> <p>Ancestry and origins Create map display and involve parents in making home</p>	<p>Special Events Share with one another how they are celebrated through photographs, videos and visitors.</p> <ul style="list-style-type: none"> ➤ Birthdays ➤ Fireworks night ➤ Halloween ➤ Diwali ➤ Christmas ➤ Hanukkah <p>Cooking Femi the fox makes a pot of Jollof Rice. Where does Jollof Rice come from? What</p>	<p>Special Events Share with one another how they are celebrated through photographs, videos and visitors.</p> <ul style="list-style-type: none"> ➤ Birthdays ➤ New Year ➤ Lunar New Year ➤ Valentines Days <p>Geography Making maps; linked to Supertato story Veggies in the Valley of Doom.</p>	<p>Special Events Share with one another how they are celebrated through photographs, videos and visitors.</p> <ul style="list-style-type: none"> ➤ Birthdays ➤ Mother's Day ➤ St Patrick's Day <p>Dance around the World Look at different types of dance around the world, invite visitors to demonstrate. Learn some traditional dances.</p> <p>Geography Around the World</p>	<p>Special Events Share with one another how they are celebrated through photographs, videos and visitors.</p> <ul style="list-style-type: none"> ➤ Birthdays ➤ St.George's Day ➤ Ramadan & Eid <p>Cooking Cook some traditional foods for Eid celebration</p> <p>Carnival</p>	<p>Special Events Share with one another how they are celebrated through photographs, videos and visitors.</p> <ul style="list-style-type: none"> ➤ Birthdays ➤ Father's Day ➤ Sports Day <p>Geography Read "Martha Maps it out" Make maps of the school to navigate around the school as part of transition.</p>

	<p>languages “welcome” display</p> <p>Black History Month</p> <p>Geography</p> <p>Looking at building in the local area. Making observations of the characteristics and features of places. Discussing how environments in stories and images are different to the environment they live eg. Looking at urban and rural homes and buildings.</p> <p>My favourite Places</p> <p>Think about significant places that are close to our home and form part of our community. Map them out in relation to the school.</p>	<p>foods do we eat at home?</p> <p>Geography</p> <p>Develop language for spatial awareness and directions through the core stories “going on a bear hunt”</p> <p>Early map making linked to the role play for the post office and getting deliveries ready. Read “The Jolly Postman” By Janet Allan Ahlberg</p>		<p>Plan a pretend holiday? What is it like in different parts of the world. Children to share any experiences of travelling. Where did they go? What did they see? What did they eat? Share pictures and videos from their trip. Use google maps to explore.</p>	<p>Learn about carnival around the world. This is a celebration of fun and colour where all are welcome to celebrate together.</p> <p>Geography</p> <p>Introduce and examine a Globe. Know the difference between the land and the ocean.</p>
<p>Past and Present</p>	<p>Jobs and occupations</p> <p>Exploring different jobs and occupations (introduce shop role play and fire drill)</p> <p>Key individuals</p> <ul style="list-style-type: none"> -Explore the Little Leaders collection -Lives of historical figures, including comparisons of those from different periods 	<p>Christmas story</p> <p>Learning and acting out the Christmas story.</p> <p>Comparing life now and then.</p>	<p>Local history:</p> <p>Greenland Dock Grade: II (List Entry Number: 1385941)</p> <ul style="list-style-type: none"> -learning about the docks around Rotherhithe. -Visiting Greenland dock. -discussing what the docks were used for -discussing what life was like working at the docks. 		<p>St. George's Day: Learn about the significance of St George's day</p> <p>London history Day</p>

			-comparing life then and now			
Creating with Materials Art Club lessons from Kapow	Painting and colour Experiment with colour mixing. Drawing My family & things that are important to me Art Club: Drawing: Marvelous marks. Exploring mark making through different drawing materials. Beginning to draw from observation using faces and self-portraits as a stimulus. 3D work Make a clay tea light for Diwali. Making Christmas decorations: salt dough	Painting and colour Create Fireworks pictures using different art materials eg. Blow paint, oil pastels, glitter, chalks. Drawing Draw your own "terrible creatures" from well-known fairy tales. Textiles and texture Create textured scenes (fairytales castles)	Painting and colour Experiment with colour mixing. Textiles and texture Make a potato superhero using a variety of tools and techniques. Design a cape for Supertato. Drawing Draw and design a superhero costume Art Club: Craft and design: Let's get crafty. Developing cutting, threading, joining and folding skills through fun, creative craft projects.	Drawing Observational drawings of plants and flowers. Printing Vegetable printing. Use of repetitive patterns. Learn about Andy Warhol. Pattern Simple symmetry of butterflies Textiles and texture Leaf and flower mosaics and collages. Study Eric Carle's illustrations Painting and colour Investigate using natural materials for painting eg tea bags, flowers and spices.	Drawing Modes of transport; create your own design Draw and design a wanted poster for a pirate. 3D work Children work in small groups to make something that can fly, something that can sail, something that can go on land. Junk modelling different modes of transport. Mechanisms Make a pirate ship that can move.	Textiles and texture Look at animal patterns and textures to create a model of your own chosen animal. 3D work Creating shoe box habitats for animals around the world. Drawing Draw scenes of your favourite habitats Art Club: Sculpture and 3D: Creation station. Exploring the sculptural qualities of malleable materials and natural objects; developing the use of tools and joining techniques; designing and making clay animal sculptures.
Design and Technology	Weekly outdoor provision through the year Focus: Structures	Weekly outdoor provision through the year Focus: Mechanisms	Weekly outdoor provision through the year Focus: Textiles	Weekly outdoor provision through the year Focus: Structures	Weekly outdoor provision through the year Focus: Mechanisms	Weekly outdoor provision through the year Focus: Nutrition

	Designing and building shelters	Building Traps for the Ginger Bread Man	Design a cape for Supertato	Design and build a Bug Hotel	How do wheels work?	Making Salads (sweet and savoury)
Music	<u>Taking Ownership</u> Unit Aim: Pupils explore how to sing and play known songs, follow class conductor and practise playing the pulse.	<u>Taking Ownership</u> Unit Aim: Pupils explore how to sing and play known songs, follow class conductor and practise playing the pulse.	<u>Pulse and Rhythm</u> Unit Aim: Pupils clap 4 beat rhythms, sing solos, identify high/middle/low and differentiate between pulse and rhythm	<u>Pulse and Rhythm</u> Unit Aim: Pupils clap 4 beat rhythms, sing solos, identify high/middle/low and differentiate between pulse and rhythm	<u>Speeding up and slowing down</u> Unit Aim: Pupils recognise and play different speeds and recognise known songs by rhythm alone.	<u>Speeding up and slowing down</u> Unit Aim: Pupils recognise and play different speeds and recognise known songs by rhythm alone.

Year 1 Curriculum Map

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
English	<p>Core Text: Whatever Next! Jill Murphrey</p> <p>Outcomes: Stories with familiar settings, thought bubbles, lists, post card, re-writing, Role play, new version Conjunctions Punctuation, simple sentences</p> <p>Supplementary texts: Whatever Next! Jill Murphy My Friend Bear J Alborough Space Boy by Leo Landry The way back home by Oliver Jeffers, Man on the Moon by Simon Bartram</p> <p>Poetry: Twinkle Twinkle Little Star</p>	<p>Core text: Little Red Hen</p> <p>Outcomes: <ul style="list-style-type: none"> • Setting • Story Map • Retelling a familiar story • Inventing new version • Instructions for making bread • </p> <p>Grammar focus: Capital Letters and Full stops</p> <p>Supplementary texts: The little red hen – many versions Handa's Surprise E Browne Oliver's vegetables V French The Little red hen makes a Pizza P sturges Mr Wolf's Pancakes J Fearnely Little Wolf's Book of Badness I why brow</p>	<p>CC: History</p> <p>Outcomes: Chronological and Non-chronological reports</p> <p>Grammar focus: Capital Letters and Full stops</p> <p>Supplementary texts: Lost in the Toy Museum David Lucas A bear called Paddington Micheal Bond Dogger Shirley Hughes Old Toys, Homes in the Past Where's Woody? Kirsten L Depken Toys and games Sarah Ridley</p> <p>Poetry: Teddy bear, teddy bear, turn around</p>	<p>Core text: Rumpelstiltskin</p> <p>Outcomes: Riddles / Clues Retelling a familiar tale Character description</p> <p>Grammar focus: Speech Question Marks</p> <p>Supplementary texts: Traditional Fairytales (Hopscotch series) Bingo Lingo: Phonics reading unit</p> <p>Poetry: If you go down to the woods tonight</p>	<p>Core text: The Smartest Giant in Town</p> <p>Outcomes: <ul style="list-style-type: none"> • Story Map • Letter Writing • Re-telling of story </p> <p>Grammar focus: -est, adjectives</p> <p>Supplementary texts: Author focus: Julia Donaldson Squash and a Squeeze Room on the Broom</p> <p>Poetry: The Jolly Postman, A Ahlberg Grandad's secret Giant, David Litchfield</p> <p>Poetry: Buckingham Palace AA Milne</p>	<p>Core text: Little Red Hen</p> <p>Outcomes: <ul style="list-style-type: none"> • Setting • Story Map • Retelling a familiar story • Inventing new version • Instructions for making bread • </p> <p>Grammar focus: Capital Letters and Full stops</p> <p>Supplementary texts: The little red hen – many versions Handa's Surprise E Browne Oliver's vegetables V French The Little red hen makes a Pizza P sturges Mr Wolf's Pancakes J Fearnely Little Wolf's Book of Badness I why brow</p>

Maths	<u>Numbers to 10</u> Count, read, write, identify, represent, double and half, and use comparative language.	<u>Numbers to 20</u> Count, read, write, identify, represent, double and half, and use comparative language.	<u>Time</u> Tell the time to the hour and half-past the hour; solve practical problems for time.	<u>Adding and subtracting within 50</u> Represent and use number bonds; read, write, interpret and solve one-step problems.	<u>Numbers 50 to 100 and beyond</u> Count from a given number in 1s, 2s, 5s and 10s; represent, identify and estimate numbers; recognise place value.	<u>Multiplication and division</u> Solve one-step problems using concrete and pictorial representations and arrays.
	<u>Addition and subtraction within 10</u> Represent and use number bonds; read, write, interpret, represent and solve.	<u>Addition and subtraction within 20</u> Augmentation and reduction. Represent and use number bonds; read, write, interpret and solve one-step problems.	<u>Exploring calculation strategies within 20</u> Represent and use number bonds; use concrete and pictorial representation to solve one-step problems	<u>Fractions</u> Recognise, find and name a half and a quarter as one of two or four equal parts respectively.	<u>Adding and subtracting within 100</u> Represent and use number bonds; read, write, interpret and solve one-step problems.	<u>Measures (2): Capacity and volume</u> Compare, describe, measure, record and solve practical problems.

Science	<p>Key Stage 1</p>
----------------	---------------------------

	<p>Biology: Animals including humans - animals</p> <p>Identify and name a variety of common animals including fish, amphibians, reptiles, birds and mammals</p> <p>Identify and name a variety of common animals that are carnivores, herbivores and omnivores</p> <p>Describe and compare the structure of a variety of common animals (fish, amphibians, reptiles, birds and mammals including pets)</p>	<p>Animals including humans – all about me</p> <p>Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense</p>	<p>Chemistry: Exploring everyday Materials 1</p> <p>Distinguish between an object and the material from which it is made</p> <p>Identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock</p> <p>Describe the simple physical properties of a variety of everyday materials</p> <p>Compare and group together a variety of everyday materials on the basis of their simple physical properties</p>	<p>Chemistry: Exploring everyday Materials 2</p> <p>Distinguish between an object and the material from which it is made</p> <p>Identify and name a variety of everyday materials, including wood, plastic, glass, metal, water, and rock</p>	<p>Biology: Plants</p> <p>Identify and name a variety of common and wild and garden plants, including deciduous and evergreen trees</p> <p>Identify and describe the basic structure of a variety of common flowering plants, including trees</p>	<p>Seasonal Changes</p> <p>Observe changes across the four seasons</p> <p>Observe and describe weather associated with the seasons and how day length varies.</p> <p>Working scientifically</p>
Computing	<p><u>Computing systems and networks</u></p> <p>Technology around us</p> <p>Recognise common uses of information technology beyond school.</p>	<p><u>Creating media</u></p> <p>Digital painting</p> <p>Use technology purposefully to create, organize, store, manipulate, and retrieve digital content</p>	<p><u>Programming A</u></p> <p>Moving a robot</p> <p>Understand what algorithms are; how they are implemented as programs on digital devices; and that programs execute by following precise and unambiguous instructions</p>	<p><u>Data and information</u></p> <p>Grouping data</p> <p>Use technology purposefully to create, organize, store, manipulate and retrieve digital content</p>	<p><u>Creating media</u></p> <p>Digital writing</p> <p>Use technology purposefully to create, organise, store, manipulate, and retrieve digital content</p> <p>Use technology safely and respectfully, keeping personal information private; identify where to go for help</p>	<p><u>Programming B</u></p> <p>Programming animations</p> <p>Understand what algorithms are, how they are implemented as programs on digital devices, and that programs execute by following precise and unambiguous instructions</p>

					and support when they have concerns about content or contact on the internet or other online technologies.	Create and debug simple programs
Geography		<p>What is it like here? Locating where they live on an aerial photograph, children recognise local features. They create maps using classroom objects before drawing simple maps of the school grounds. Pupils use maps to follow simple routes around the school grounds and conduct an enquiry about how to improve their playground.</p>		<p>What is the weather like in the UK? Studying the countries and cities that make up the UK, children discuss the four seasons and their associated weather. They consider how we change our behaviour in response to different weather and keep a weather diary or record. Finally, children investigate the UK's hot and cold places using weather maps with a simple key.</p>		<p>What is it like to live in Shanghai? Using a world map to start recognising continents, oceans and countries outside the UK with a focus on China. Children identify physical features of Shanghai using aerial photographs and maps before identifying human features, through exploring land-use. They compare the human and physical features of Shanghai to features in the local area and make a simple map using data collected through fieldwork.</p>
History	<p>Key Individuals Moon Landing Neil Armstrong</p> <ul style="list-style-type: none"> Who the first men to travel to the moon were Explain what you know about the 1969 moon landings, including 		<p>Toys now and in the past</p> <ul style="list-style-type: none"> To know how long toys have existed. What toys were made of in the past. 		<p>Local history unit: Southwark Park Grade: II (List Entry Number: 1000838)</p> <ul style="list-style-type: none"> To identify similarities and differences between ways of life in Rotherhithe 	

	<p>what effect the landings had on history.</p> <ul style="list-style-type: none"> Why the moon landing was and still is an important historical event <p>Key individuals Events of local importance Black History Month Studying a significant individual to mark an event. Dr Maggie Aderin-Pocock's (Black British space scientist)</p>		<ul style="list-style-type: none"> What toys were played with in the past. What modern toys are made from. How modern toys are different to the past. 		<ul style="list-style-type: none"> Compare an aerial photograph from the past to a modern day map To create a piece of art based on the heritage site, Southwark Park 	
RE	How did the world begin?	What do some people believe God looks like?	What is God's job?	Why should we care for the world?	How do we know that new babies are special?	Why should we care for others?
PSHE/SMSC	<p>L1: Class Charter, expectations and brain break reminder</p> <p>L2: Mind up: Getting Focused Lesson 1: How our Brain Works</p> <p>L3: Zones of regulation Remind children of zones of regulation. As a class come up with strategies as to what to do if you find yourself in particular zones.</p>	<p>Family and Relationships</p> <p>L1 What is family? L2 What are friendships? L5 Friendship problems L6 Healthy friendships L7 Gender stereotypes</p>	<p>Health and Wellbeing</p> <p>L1 Understanding my emotions L3 Ready for bed L5 Handwashing & personal hygiene L6 Sun safety L7 Allergies</p>	<p>Citizenship</p> <p>L1 Rules L3 The needs of others L4 Similar, yet different L5 Belonging L6 Democratic Decisions</p>	<p>Economic Wellbeing</p> <p>L1 What is money L2 Keeping money safe L3 What is a bank L4 Saving and spending</p> <p>Groundwork - Emotion Explorers – Discreet lessons on Zones of Regulation</p>	<p>Christopher Winter Project (SRE and Drugs & Alcohol Education)</p> <p>Growing and Caring for ourselves: Lesson 1: Different Friends Lesson 2: Growing and Changing Lesson 3: Families and Care</p>

<p>Create zones of regulation posters.</p> <p>L4: Kapow Introduction Lesson -Setting ground rules for PSHE lessons.</p> <p>L5 and L6 X2 Empathy Lessons</p> <ul style="list-style-type: none"> - To recognise and name different emotions in themselves and others, building the foundation for empathy. <p>To show kindness and understanding toward others' feelings.</p>				<p>and strategies to support.</p>	
<p>Art & Design</p> <p><u>Drawing: Make your mark</u></p> <p>Exploring mark making and line; working and experimenting with different materials through observational and collaborative pieces.</p> <p>Outcomes: Produce a drawing that displays observational skill, experimenting with a range of lines and mark making.</p>		<p><u>Painting and mixed media: Colour Splash</u></p> <p>Exploring colour mixing through paint play, using a range of tools to paint on different surfaces and creating paintings inspired by Clarice Cliff and Jasper Johns.</p> <p>Outcome: Clarice Cliff style plate</p>		<p><u>Craft and Design: woven wonders</u></p> <p>Learning fibre art skills such as plaiting, threading, knotting and weaving to create three-dimensional woven artworks inspired by artist Cecilia Vicuña.</p> <p>Outcome: Weaving</p>	<p><u>Sculpture and 3D: Paper play</u></p> <p>Creating simple three dimensional shapes and structures using familiar materials, children develop skills in manipulating paper and card. They fold, roll and scrunch materials to make their own sculptures</p> <p>Outcome: 'Wild Thing' sculpture</p>

Design & Technology		Textiles <u>Puppets of the Little Red Hen characters</u> Explore methods of joining fabric. Design and make a character-based hand puppet using a preferred joining technique, before decorating. Linked to Little Red Hen.	Cooking and Nutrition (STEAM WEEK) <u>Make a smoothie</u> Learn to distinguish between fruit and vegetables and where they grow. Design a fruit and vegetable smoothie and (maybe) accompanying packaging.		Mechanisms <u>Designing and building a moving vehicle.</u> Learn about the key parts of a wheeled vehicle, to develop an understanding of how wheels, axles and axle holders work. Design and make a moving vehicle. Linked to Princess Smartypants and what her car would be like
		<u>Sounds Interesting</u> Unit Aim: To develop children's ability to identify different sounds and to change and use sounds expressively in response to a stimulus.	<u>The long and the short of it</u> Unit Aim: To develop children's ability to discriminate between longer and shorter sounds, and to use them to create interesting sequences of sound.		<u>Exploring Pulse and Rhythm</u> Unit Aim: To develop children's ability to recognise and play rhythms from known songs with a sense of pulse.
Music					
PE	Invasion Games Throwing Aiming at a target	Dance Make a shape hold it and move about in that shape Dance with an object to communicate an idea Pretend to dance with an object to communicate an idea move to the rhythm of the music	Multi Skills Fundamental Movement Balance Master basic movements such as running, jumping	Invasion Games Sending and receiving Basketball	Net Games – Using a Racket Athletics Sports day Preparation

<h2>Art & Design</h2>	<p><u>Drawing: Tell a story</u> Using storybook illustration as a stimulus, children develop their mark-making to explore a wider range of tools and experiment with creating texture to add detail to drawings. Outcome: illustrations for core text</p>	<p><u>Painting and mixed media: Life in colour</u> Developing colour mixing skills, learning about the work of artist Romare Bearden and creating textured papers using paint, children compose collages inspired by their exploration of colour and texture in the world around them. Outcome: Collage of fire of London</p>		<p><u>Sculpture and 3D: clay houses</u> Exploring the way clay can be shaped and joined, children learn a range of essential skills for working with this medium. They learn about the sculpture of Rachel Whiteread and create their own clay house tile in response. Outcome: Clay tile of a castle</p>	<p><u>Craft and Design: map it out</u> Responding to a design brief, children learn three techniques for working creatively with materials and at the end of the project, evaluate their design ideas. Outcome: Map of how to get to Dragon's cave</p>
<h2>Design Technology</h2>	<p>Textiles <u>Pouches/ sewing/ learning to use a running stich to join two pieces of fabric</u> Learn how to sew a running stitch ready to design, make and decorate a pouch using a template. Linked to Owl Babies.</p>		<p>Cooking and Nutrition (STEAM WEEK) Develop a health wrap Learn about the food groups (carbohydrates, proteins, fruits and vegetables, dairy, oils and spreads) to understand a balanced diet to develop a healthy wrap.</p>	<p>Structures <u>Designing a chair for the Princess.</u> Explore stability and methods to strengthen structures, to understand Baby Bear's chair weaknesses and develop an improved solution for him to use. Linked to Princess and the Pea.</p>	

Music	<u>So/Mi</u>	<u>Playing with Sound</u>	<u>Reading Rhythms</u>			
	Unit Aim: To discriminate between higher and lower sounds and understand the So/Mi interval	Unit Aim: To develop children's ability to recognise different ways sounds are made and how they can be changed.	Unit Aim: To develop children's ability to read and play rhythms confidently and explore the mood of recorded music.			
PE	Invasion Games Throwing Aiming at a target	Dance Mirror movements Choose movements to add together to make a dance Talk about how music and dancing makes them feel Say what they like about their own and other's movements	Multi Skills Fundamental Movement Balance Master basic movements such as running, jumping	Net Games – Using a Racket	Athletics Sports day Preparation	Invasion Games Basketball Attack vs Defence
	Multi-Skills Fundamental movements and skills (Able to apply the ABCs with fluency in a range of activities) Feedback Confidence Technique	Invasion skills attack vs defence Problem Solving Leadership Confidence Understanding	Gymnastics Feedback Analysis Technique Physical ability	Athletics Technique Effort Confidence Physical ability	Problem Solving Orienteering Responsibility Understanding Rules Sports Day prep Rules Confidence	Net & Wall skills (Cricket) Technique Confidence Rules

Year 3 Curriculum Map

English	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
	<p>Core text 1: Princess Smartypants, Babette Cole</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Retelling a traditional story • Adverts • Character description <p>Grammar focus:</p> <ul style="list-style-type: none"> • Commas in lists • Past tense • Synonyms for said • Coordinating conjunctions <p>Core text 2: The Giving Tree Shel Silverstein</p> <p>Outcome: Play script</p> <p>Grammar focus: Speech, Adverbs</p> <p>Supplementary texts: Revolting Rhymes Roald Dahl Don't cook Cinderella F Simon Prince Cinders B. Cole Princes Grace Mary Hoffman</p>	<p>Core text: Anansi stories</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Retelling a known fable • Writing an original fable using film <p>Grammar focus: Adjectives, Precise Nouns</p> <p>Supplementary texts: Anansi The Spider by Gerald McDermott Anansi Stories by Lynne Garner Lion and the Mouse by Jerry Pinkney</p>	<p>CC: History Outcomes:</p> <ul style="list-style-type: none"> • Report writing • Non-chronological report • Instructions • Myths and Legends • Dialogue writing • Adventure stories <p>Supplementary texts: DK Ancient Egypt What happened to the pharaoh's brain? Tim Cooke Egyptian Myths DK (meet the gods...) Marcy and the Riddle of the Sphinx by Joe Todd Stanton The Cat Mummy Jacqueline Wilson Awesome Egyptians (Horrible Histories) Terry Deary and Peter Hepplewhite</p> <p>Poetry: The Sea is hungry by James Reeves</p>	<p>CC: History Ancient Egypt</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Egyptian fairy-tale stories • Diary writing • Newspaper report <p>Grammar focus: Relative clauses Imperative Verbs</p> <p>Supplementary texts: Zel let your hair out by Trish Cooke Cinderella of the Nile -Beverley Naidoo The Egyptian Cinderella by Shirley Climo The story of Tutankhamun by Patricia Cleveland-Peck and Isabel Greenberg</p> <p>Poetry: The storm man by Grace Nichols (BBC BITESIZE)</p>	<p>Core text: Stone Age Boy, Satoshi Kitamura</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Diary • Instructions • Compare and contrast piece of old and modern <p>Grammar focus: Direct speech Adverbial phrases</p> <p>Supplementary texts: The Stone Age: Hunters, Gatherers and Woolly Mammoths Marcia Williams</p> <p>Poetry: The sound collector by Roger McGough</p>	<p>Core text: Non-fiction Pirates</p> <p>Outcomes: Wanted Posters Passport Code of conduct Pirate Adventure story Setting Character descriptions Action, dialogue</p> <p>Supplementary texts: Horrible Histories Pirates Terry Deary Violet and the Mean and Rotten Pirates R Hamilton</p> <p>Poetry: Sweet and Low Alfred Tennyson</p>

	<p>The Frog Prince Fairy tale twists Katie Dale and Matt Buckingham</p> <p>Poetry: The King's breakfast By A A Milne I am a princess by Roger Steven The arrow and the Song by Henry Wadsworth Longfellow</p>	<p>Poetry: The Magic Box by Kit Wright (BBC BITESIZE Poetry videos)</p>			
Maths	<p><u>Number sense and exploring strategies within 100</u></p> <ul style="list-style-type: none"> • Read, write, order and compare numbers to 100 • Calculate mentally using known facts, round and adjust, near doubles, adding on to find the difference • Derive new facts from a known fact. <p><u>Place Value</u></p> <ul style="list-style-type: none"> • Read, write, represent, partition, order and compare 3-digit numbers • Find 10 and 100 more or less • Round to the nearest multiple of 10 and 100 	<p><u>Graphs</u></p> <p>I • Collect, interpret and present data using charts and tables</p> <p><u>Addition and subtraction with up to 4 digits</u></p> <ul style="list-style-type: none"> • Develop and use a range of mental calculation strategies • Illustrate and explain formal written methods – column method. <p><u>Length and perimeter</u></p> <ul style="list-style-type: none"> • Measure, draw and compare lengths • Add and subtract lengths • Calculate perimeter 	<p><u>Multiplication and division</u></p> <ul style="list-style-type: none"> • Understanding multiplicative relationships: commutativity and inverse • Exploring multiplication and division facts for 2, 3, 4, 5, 6, 8 and 10. <p><u>Calculating with multiplication and division</u></p> <ul style="list-style-type: none"> • Multiply and divide by 10 • Multiply a 2-digit number by a 1-digit number • Divide 2-digit by a 1-digit • Correspondence problems. 	<p><u>Time</u></p> <ul style="list-style-type: none"> • Tell, record, write and order the time analogue and digital • 12-hour, a.m., p.m. • Measure, calculate and compare durations <p><u>Fractions</u></p> <ul style="list-style-type: none"> • Part-whole relationships • Fractions as part of a whole or a whole set and as a number • Add, subtract, compare and order fractions. 	<p><u>Angles and shape</u></p> <p>I • Identify angles including right angles and recognise as a quarter of a turn</p> <ul style="list-style-type: none"> • Identify and draw parallel and perpendicular lines • Draw/make, classify and compare 2-D and 3-D shapes • Measure the perimeter <p><u>(Length), weight & volume</u></p> <ul style="list-style-type: none"> • Read scales with different intervals when measuring mass and volume • Weigh and compare masses and capacities with mixed units • Estimate mass and capacity. <p><u>Applying multiplicative reasoning</u></p> <ul style="list-style-type: none"> • Representing multiplication and division problems • Solve a one step problem <p><u>Exploring calculation strategies and place value</u></p> <ul style="list-style-type: none"> • Add and subtract mentally • Find 10, 100 and 1000 more or less • Order and compare beyond 1000 • Round numbers

Science

Working Scientifically lower Key Stage 2

Biology: Plants	Physics: Light	Chemistry: Rocks	Biology: Animals including Humans	Physics: Forces and Magnets	Scientific Enquiry
Compare the effect of different factors on plant growth	Identify the difference between light sources and non light sources	Explore the formation and properties of igneous rocks	Explore the 5 key food groups	Explore contact and non-contact forces	How can a solar oven be made more effective: posing questions and writing predictions
Identify and describe the functions of different parts of a flowering plant and how they are used in photosynthesis	Explore the light that comes from the sun and how to stay safe	Explore the formation and properties of sedimentary and metamorphic rocks	Learn about the nutrition in the food we eat	Compare how things move on different surfaces	How can a solar oven be made more effective: recording and presenting results
Investigate the way in which water is transported within plants	Explore materials which are reflective	Weathering and the suitability of rocks for different purposes	Learn about the different types of skeletons	Explore different types of magnets	Cleaning coins: writing a method and carrying out a practical test
Explore the part that flowers play in the life	Discover how shadows are formed	Explore how water contributes to the weathering of rocks	Learn about the human skeleton	Explore the properties of magnets and everyday objects that are magnetic	Cleaning coins: writing a conclusion
	Investigate how shadows change throughout the day	Understand how	Learn about animals and their skeletons	Understand that magnetic forces can	

	<p>cycle of flowering plants Understand the pollination process and the ways in which seeds are dispersed Compare the effect of different factors on plant growth</p>	<p>Investigate how you can change the size of a shadow</p>	<p>fossils are formed Explore different types of soil</p>	<p>Explore the role of muscles</p>	<p>act at a distance Explore the everyday uses of magnets</p>	<p>Making a cake: fair testing, controls and variables Making a cake: scientific enquiry</p>
Computing	<p><u>Computing systems and networks</u> Connecting computers understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web; and the opportunities they offer for communication and collaboration</p>	<p><u>Creating media</u> Stop-frame animation Design, write, and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p>	<p><u>Programming A</u> Sequencing sounds Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>	<p><u>Data and information</u> Branching databases select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p>	<p><u>Creating media</u> Desktop publishing Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information</p>	<p><u>Programming B</u> Events and actions in programs Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>

<h1>Geography</h1>	<p>Why do people live near volcanoes? Children learn that the Earth is constructed in layers, and the crust is divided into tectonic plates. They study the formation and distribution of mountains, volcanoes and earthquakes and use Mount Etna to identify how human interaction shapes a volcanic landscape</p>	<p>Who lives in Antarctica? Learning about how latitude and longitude link to climate and the physical and human features of polar regions with links to the explorer, Shackleton.</p>	<p>Are all settlements the same? Exploring different types of settlements, land use, and the difference between urban and rural. Children describe the different human and physical features in their local area and make land use comparisons with New Delhi.</p>
<h1>History</h1>	<p>Key Individuals Mary Secole -who was she -Herbal remedies The British hospital Nurses now and then Why is she important</p> <p>Local history unit: Turtable and machinery of former swing road bridge Grade: II (List Entry Number: 1385815)</p> <ul style="list-style-type: none"> Develop an awareness of Rotherhithe's past To identify similarities and differences between ways of life in Rotherhithe 	<p>Ancient Egypt</p> <ul style="list-style-type: none"> Develop an understanding of the Ancient Egyptian time period. Understand the mummification process. Recognise the significance of papyrus. Consider the significance of the role of a Pharaoh. Consider how Ancient Egyptian inventions are relevant today. Understand what everyday life was like for men, women and children. 	<p>Stone Age to Iron Age British History (taught chronologically)</p> <ul style="list-style-type: none"> Use evidence to investigate what life was like for the Stone Age man to the Iron Age Man. Explore the changes that took place during the Stone Age and describe their significance. Use evidence from Skara Brae to find out what life was like towards the end of the Stone Age.

	<p>through different periods.</p> <ul style="list-style-type: none"> Compare an aerial photograph from the past to a modern day map <p>To create a piece of art based on the heritage site, turntable and machinery of former swing road bridge</p>				<ul style="list-style-type: none"> Explain how Stone Henge was built. Discuss reasons why Stone Henge was built. Describe the major changes that took place from the Stone Age to the Iron Age 	
RE	What makes us human?	Where do our morals come from?	Is scripture central to religion?	What happens if we do wrong?	Why is water symbolic?	Why is fire used ceremonially?
PSHE/SMSC	<p>L1: Class Charter, expectations and brain break reminder</p> <p>L2 and L3: Mind up: Getting Focused Lesson 1: How our Brain Works Lesson 2: Mindful Awareness</p> <p>L4: Zones of regulation Remind children of zones of regulation. As a class come up with strategies as to what to do if you find yourself in particular zones.</p>	<p>Family and Relationships</p> <p>L1 Healthy families L2 Friendship conflicts L3 Friendship: conflict vs Bullying L5 Learning who to trust L6 Respecting differences in others L7 Stereotyping gender</p>	<p>Health and Wellbeing</p> <p>L1 My healthy diary L3 Wonderful me L5 Resilience: breaking down barriers L6 Communicating my feelings L7 Diet and dental health</p>	<p>Citizenship</p> <p>L1 Rights of the child L2 Rights and responsibility L5 Charity L6 Local democracy L7 Rules</p>	<p>Economic Wellbeing</p> <p>L1 How do people pay for things L2 Budgeting L3 How do people feel about money L4 What happens when people spend money L5 Career quest</p>	<p>Christopher Winter Project (SRE and Drugs & Alcohol Education)</p> <p>Valuing Difference and Keeping Safe</p> <p>Lesson 1: Body Difference Lesson 2: Personal Space Lesson 3: Help and Support</p>

<p>Create zones of regulation posters.</p> <p>L5: Kapow Introduction Lesson -Setting ground rules for PSHE lessons.</p> <p>L6 and L7 X2 Empathy Lessons</p> <ul style="list-style-type: none"> - To recognise and describe how others might feel in different situations. <p>To identify ways to show empathy through actions.</p>					
<p>Art & Design</p> <p>Drawing: Growing Artists</p> <p>Using botanical drawings and scientific plant studies as inspiration, pupils explore the techniques of artists such as Georgia O'Keefe and Maud Purdy to draw natural forms, becoming aware of differences in the choice of drawing medium, scale and the way tonal shading can help create form.</p> <p>Outcomes: Botanical Drawings linked with Science</p>		<p>Craft and Design: Ancient Egyptian scrolls</p> <p>Learning about the way colour, scale and pattern influenced ancient Egyptian art, children explore the technique of papermaking to create a papyrus-style scroll. Ideas are extended to create a modern response by designing a 'zine'.</p> <p>Outcomes: Egyptian scroll</p>		<p>Outcomes: 3D sculpture</p> <p>Painting and mixed media: Prehistoric Painting</p> <p>Investigating making their own paints, making tools and painting on different surfaces, the children explore prehistoric art.</p> <p>Outcomes: Prehistoric painting</p>	<p>Sculpture and 3D: Abstract shape and space</p> <p>Exploring how shapes and negative spaces can be represented by three dimensional forms. Manipulating a range of materials, children learn ways to join and create free-standing structures inspired by the work of Anthony Caro and Ruth Asawa</p>

	unit 'Plants'				
Design Technology	Mechanical systems <u>Pneumatic toys</u> Explore pneumatic systems, then apply this understanding to design and make a pneumatic toy including thumbnail sketches and exploded diagrams. Linked to Anansi the Spider.		Cooking and Nutrition (STEAM WEEK) Eating seasonally Learn about various fruits and vegetables, and when, where and why they are grown in different seasons. Discover the relationship between colour and health benefits.		Textiles <u>Collars</u> Learning how to cross-stitch and appliquéd to decorate and assemble Egyptian collars, which represent the children's unique personalities.
Music	<u>Animal Magic</u> Unit Aim: To develop children's ability to create, rehearse and perform a short, descriptive composition and continue to extend rhythm and pitch understanding.	<u>Rhythm Patterns and Structure</u> Unit Aim: To develop children's ability to play simple rhythmic patterns and perform them from rhythm notation.		<u>Make it your own</u> Unit Aim: To develop pupils' ability to explore new ways of performing a known song	
PE	Invasion Games Basketball/Handball	Dance Central School of Ballet / Contemporary 'Blushing Unit' Develop motifs and perform in groups	Multi Skills Fundamental Movement Balance	Net & Wall Games Volleyball	Striking & Fielding Softball

		Physical Ability			Respect Understanding	
Spanish	<p>Unit 1: Spanish greetings with puppets:</p> <p>To greet someone and make an introduction in Spanish.</p> <p>To listen and recognise key phonemes 'o' and 'a'.</p> <p>To recognise different greetings in Spanish.</p> <p>To be able to find out how someone is feeling in Spanish.</p> <p>To listen and join in with a Spanish finger puppet rhyme.</p> <p>To rehearse and perform from memory a rhyme with Spanish greetings.</p>	<p>Unit 2: Spanish numbers and ages:</p> <p>To recognize and recall numbers one to six in Spanish.</p> <p>To recognize and practice numbers one to ten in Spanish.</p> <p>To read and recognize numbers up to 12 in Spanish.</p> <p>To recognize and build a phrase to give your age in Spanish.</p> <p>To ask and answer questions giving personal information.</p> <p>To identify key phonemes in number words.</p>	<p>Unit 3: Shapes and colours in Spanish:</p> <p>To recognize and name some colours in Spanish.</p> <p>To begin to describe shapes using colour adjectives.</p> <p>To create and practice descriptive phrases orally.</p> <p>To read and recognize descriptive phrases in Spanish.</p> <p>To write a design brief using shape and colour vocabulary.</p> <p>To create a short presentation using descriptive phrases.</p>	<p>Unit 4: Classroom objects in Spanish:</p> <p>To recognise and respond to spoken classroom instructions.</p> <p>To name school bag objects and identify if they are masculine or feminine nouns.</p> <p>To identify how a noun phrase changes in the plural form when describing classroom items.</p> <p>To construct a phrase using the negative form, no tengo – I do not have.</p> <p>To read and interpret sentences featuring the conjunctions y and pero.</p> <p>To compose a piece of writing describing what is in a school bag.</p>	<p>Unit 5: Where do you live in Spain?</p> <p>To name places in Spain using key phonemes.</p> <p>To practise answering questions about who I am and where I live.</p> <p>To use a bilingual dictionary to identify nouns and their gender.</p> <p>To listen for key information about where people live.</p> <p>To read and interpret information from a short descriptive text.</p> <p>To compose a short written paragraph to introduce</p>	<p>Unit 6: Journey around Latin America:</p> <p>To identify and pronounce Spanish speaking countries in Latin America.</p> <p>To speak in short phrases to describe travel plans.</p> <p>To recognise and use the prepositions en and a when describing travel.</p> <p>To say the days of the week as part of a sentence in Spanish.</p> <p>To compose a travel diary in Spanish.</p> <p>To perform a travel diary in Spanish.</p>

English

Year 4 Curriculum Map

<p>Core text: Into the forest, Anthony Browne</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Letter writing • Dialogue • Story writing including a suspense twist • Imagery <p>Grammar focus:</p> <ul style="list-style-type: none"> • Expanded noun phrases Short sentences • Adverbials of time. • To add rhetorical questions <p>Supplementary texts: Grimm's Tale by Phillip Pullman Little Red Riding Hood Gregory cool by Caroline Binch The Lion, the Witch and the Wardrobe S Lewis Macavity-the mystery cat</p> <p>Poetry: (BBC BITESIZE Poetry videos) Monster poetry</p>	<p>Core text: The Iron Man, Ted Hughes</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Whole class performance poem • Descriptive piece • Leaflet • Letter • Newspaper report • Thank-you letter <p>Grammar focus:</p> <ul style="list-style-type: none"> • Bullet points • Speech • Expanded noun phrases <p>Supplementary text: The Iron Woman by Ted Hughes</p> <p>Poetry: (BBC Poetry) by Ted Hughes Fireworks poetry Performance poetry</p>	<p>Core text: Voices in the Park, Anthony Browne</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Diary entry • Play script • Persuasive leaflet • Apology letter • Advertisement <p>Grammar focus:</p> <ul style="list-style-type: none"> • Imperative verbs • Modal verbs • Paragraphs • Pronouns <p>Supplementary texts: Author Focus: Anthony Browne</p> <p>Poetry: Nonfiction: Skeletons and Muscles CC: Sc /geog Habitats –British wildlife and their habitats Earth day The wonder garden GR unit pack CC: Animals including humans</p> <p>Poetry: Dragonfly poetry The Tyger William Blake (TW)/My mother saw a Dancing Bear by Charles Causley /I'm a parrot Grace Nichols (BBC)</p>	<p>Core text: Treasure Island, original and abridged</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Character description • Diary entry • Extended ending <p>Supplementary texts: The Pirate Story by Robert Louis Stephenson</p> <p>Poetry: The Highway man by Alfred Noyes The listener (BBC Bitesize) Someone by Walter de la Mere</p>	<p>CC: History</p> <p>Outcomes:</p> <ul style="list-style-type: none"> • Super sentence • Summary • Writing your own version • Alternative ending <p>Supplementary texts: Romans on the Rampage Jeremy Strong History hackers: Roman rescue by Tw – original story Escape to Pompeii</p> <p>Poetry: Clever Trevor By Benjamin Zephaniah Foot soldiers song</p>	<p>Core text: Krindlekrax, Philip Ridley</p> <p>Outcomes: Character descriptions, Diary in role, Setting description, Obituary, Suspense, Flashback</p> <p>Grammar focus:</p> <ul style="list-style-type: none"> • Adverbial phrases • Expanded noun phrases • Ellipsis • Past tense <p>Poetry: Windy Nights by Robert Louis Stevenson</p>

Science

Biology: Living Things and their Habitats	Chemistry: States of Matter	Biology: Animals including humans	Physics: Electricity	Physics: Sound	Biology: Living Things and their Habitats – Conservation
Recognise that living things can be grouped in a variety of ways Explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment	Compare and group materials together, according to whether they are solids, liquids or gases Observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) Identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature	Describe the simple functions of the basic parts of the digestive system in humans Identify the different types of teeth in humans and their simple functions Construct and interpret a variety of food chains, identifying producers, predators and prey	Identify common appliances that run on electricity Construct a simple series electrical circuit, identifying and naming its basic parts, including cells, wires, bulbs, switches and buzzers Identify whether or not a lamp will light in a simple series circuit, based on whether or not the lamp is part of a complete loop with a battery Recognise that a switch opens and closes a circuit and associate this with whether or not a lamp lights in a simple series circuit Recognise some common conductors and insulators, and associate metals with being good conductor	Identify how sounds are made, associating some of them with something vibrating Recognise that vibrations from sounds travel through a medium to the ear Find patterns between the pitch of a sound and features of the object that produced it Find patterns between the volume of a sound and the strength of the vibrations that produced it Recognise that sounds get fainter as the distance from the sound source increases	Recognise that environments can change and that this can sometimes pose dangers to living things

Computing

<p><u>Computing systems and networks</u></p> <p>The Internet Understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web, and the opportunities they offer for communication and collaboration</p> <p>Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content</p>	<p><u>Creating media</u></p> <p>Audio production Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information</p>	<p><u>Programming A</u></p> <p>Repetition in shapes Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p> <p>Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>	<p><u>Data and information</u></p> <p>Data logging Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information</p>	<p><u>Creating media</u></p> <p>Photo editing Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information</p>	<p><u>Programming B</u></p> <p>Repetition in games Design, write, and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p> <p>Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>
	<p>Why are rainforests important to us? Developing an understanding of biomes, ecosystems and tropics; mapping features of the Amazon rainforest and learning about its layers; investigating how communities in Manaus use the Amazon's resources; discussing the global human impact on the Amazon; and carrying out fieldwork to compare and contrast two types of forest.</p>		<p>Where does our food come from? Looking at the distribution of the world's biomes and mapping food imports from around the world.</p>		<p>What are rivers and how are they used? Learning about rivers; their place in the water cycle, the name and location of major rivers and how they are used.</p>

Geography

<h1>History</h1>	<p>Key individuals Women of NASA- Hidden figures</p> <ul style="list-style-type: none"> • Recount the story of Hidden figures. • To learn about the jobs the women did. • Create a biography on one of the women of NASA. • That equality is important, and we should not discriminate against anyone. 	<p>Local history unit: Footbridge over Greenland Dock Grade: II (List Entry Number: 1385942)</p> <ul style="list-style-type: none"> • Develop an awareness of Rotherhithe's past • To identify similarities and differences between ways of life in Rotherhithe through different periods. • Compare an aerial photograph from the past to a modern day map <p>To create a piece of art based on the heritage site, Footbridge over Greenland Dock</p>		<p>Roman Empire & impact on Britain</p> <ul style="list-style-type: none"> • Learn about the founding of Rome, the Roman ruling • Identify features of a Roman life, system and the expansion of the Roman empire. • The rise of the Roman Empire and what life was like in the Roman army. • Understand why Julius Caesar invaded Britain in 55BC. • Explore the Roman heating system and how they built the aqueducts. 	
<h1>RE</h1>	<p>Are all religions equal?</p>	<p>What makes some texts sacred?</p>	<p>Just how important are our beliefs?</p>	<p>Who was Jesus really?</p>	<p>Why is the bible the best-selling book of all time?</p>

<h1>Art & Design</h1>	<p><u>Drawing: Power prints</u> Using mechanical engravings as a starting point, pupils develop an awareness of proportion, composition and pattern in drawing and combine media for effect when developing a drawing into a print. Outcome: print</p>	<p><u>Painting and mixed media: Light and Dark</u> Developing skills in colour mixing, focussing on using tints and shades to create a 3D effect. Experimenting with composition and applying painting techniques to a personal still life piece. Outcome: still life of artefacts</p>	<p><u>Sculpture and 3D: Mega materials</u> Exploring how different materials can be shaped and joined and learning about techniques used by artists as diverse as Barbara Hepworth and Sokari Douglas-Camp, children create their own sculptures. Outcome: Sculpture using recyclable materials</p>	<p><u>Craft and Design: Fabric of nature</u> Using the flora and fauna of tropical rainforests as a starting point, children develop drawings through experimentation and textile-based techniques to design a repeating pattern suitable for fabric. Outcome: repeated pattern design</p>
<h1>Design Technology</h1>	<p>Structures <u>Pop-up book</u> Designing and making a helmet for Iron Man, using strengthening techniques to reinforce the shell structure.</p>		<p>Cooking and Nutrition (STEAM WEEK) <u>Developing a recipe</u> Our refreshed Y5 cooking and nutrition unit including opportunities for children to learn a simple Bolognese recipe and adapt it to improve nutritional content.</p>	<p>Electrical Systems <u>Torches</u> Evaluating a range of existing torches linked to previous learning about light and designing a functional torch for a target audience.</p>

Music	<u>Pentatonic Music</u>		<u>Painting with Sound</u>		<u>Playground songs</u>	
	Unit Aim: To develop children's ability to recognise and use pentatonic scales and to work with 4 x 4 rhythmic phrase (4 bars of 4 beats)		Unit Aim: To develop children's ability to create, perform and analyse expressive compositions and extend their sound vocabulary.		Unit Aim: To develop pupils' ability to adapt and perform playground songs.

Science

Working Scientifically Upper Key Stage 2

Science

Biology: Plants (DE3) Compare the effect of different factors on plant growth Identify and describe the functions of different parts of a flowering plant and how they are used in photosynthesis Investigate the way in which water is transported within plants Explore the part that flowers play in the life cycle of flowering plants Understand the pollination process and the ways in which seeds are dispersed Compare the effect of different factors on plant growth	Biology: Animals including Humans (DE3) Describe the simple functions of the basic parts of the digestive system in humans Identify the different types of teeth in humans and their simple functions Construct and interpret a variety of food chains, identifying producers, predators and prey	ZERO CARBON SCHOOLS PROGRAMME (cross curricula links with Geography, Math and Computing) Understand the causes and effects of climate change. Look at the global impact, what we can all do about it	ZERO CARBON SCHOOLS PROGRAMME (cross curricula links with Geography, Math and Computing) Understand how schools create carbon emissions. Calculate an estimate of RPS's carbon footprint.	ZERO CARBON SCHOOLS PROGRAMME (cross curricula links with Geography, Math and Computing) Design and lead projects that aim to reduce RPS's carbon emissions.	ZERO CARBON SCHOOLS PROGRAMME (cross curricula links with Geography, Math and Computing) Encourage and inspire others to reduce their carbon emissions and tackle climate change.
--	---	--	---	--	---

Computing

	<p><u>Computing systems and networks</u></p> <p>Connecting computers understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web; and the opportunities they offer for communication and collaboration</p>	<p><u>Creating media</u></p> <p>Stop-frame animation Design, write, and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p>	<p><u>Programming A</u></p> <p>Sequencing sounds Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p> <p>Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>	<p><u>Data and information</u></p> <p>Branching databases select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information</p>	<p><u>Creating media</u></p> <p>Desktop publishing Use search technologies effectively, appreciate how results are selected and ranked, and be discerning in evaluating digital content</p> <p>Select, use, and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems, and content that accomplish given goals, including collecting, analysing, evaluating, and presenting data and information</p>	<p><u>Programming B</u></p> <p>Events and actions in programs Design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts</p> <p>Use sequence, selection, and repetition in programs; work with variables and various forms of input and output</p>
	<p>Why do people live near volcanoes? (Year 3 unit)</p> <p>Children learn that the Earth is constructed in layers, and the crust is divided into tectonic plates. They study the formation and distribution of mountains, volcanoes and earthquakes and use Mount Etna to identify how human interaction shapes a volcanic landscape.</p>	<p>Are all settlements the same? (Year 3 unit)</p> <p>Exploring different types of settlements, land use, and the difference between urban and rural. Children describe the different human and physical features in their local area and make land use comparisons with New Delhi.</p>		<p>Where does our food come from? (Year 4 unit)</p> <p>Looking at the distribution of the world's biomes and mapping food imports from around the world; learning about trading fairly, focusing on Côte d'Ivoire and cocoa beans; exploring where the food for the children's school dinners comes from and the argument of 'local versus global'.</p>		

Geography

<h1>History</h1>	<p>Key individuals: Harriet Tubman</p> <ul style="list-style-type: none"> • To know who Harriet Tubman was • To recall some of the key events in Harriet Tubman's life • To understand slavery and why it is abolished today • To why Harriet Tubman was brave • To understand why Harriet Tubman is still important today 	<p>Key individuals Mathew Henson and Tenzing Norgay Literacy link- Historical Explorers through history Exploration</p> <ul style="list-style-type: none"> • Learn about why people risked their lives to explore • Know what an explorer would take with them on an expedition • Study the life of Mathew Henson • Create a timeline of explorers expeditions over time • Discuss some significant events from exploration history 	<p>Vikings Beowulf</p> <ul style="list-style-type: none"> • Understand what Invading and Settling is. • Investigate reasons why Anglo-Saxons invaded Britain. • Understand where the Vikings came from and how they travelled • Understand the order of Viking raids and explain why the Vikings raided monasteries. • Understand who King Alfred the Great was. • Make inferences from artefacts. • Explain how Christianity came to Britain. • Use evidence to explore how Vikings truly lived. 	<p>Local history unit: Former Dock Managers Office and 1 -14 Dock Offices Grade: II (List Entry Number: 1393869)</p> <ul style="list-style-type: none"> • Develop an awareness of Rotherhithe's past • To identify similarities and differences between ways of life in Rotherhithe through different periods. • Compare an aerial photograph from the past to a modern day map • To create a piece of art based on the heritage site, Former Dock Managers Office 		
<h1>RE</h1>	<p>Why doesn't Christianity always look the same?</p>	<p>Why do people have to stand up for what they believe in?</p>	<p>What happens when we die?</p>	<p>What happens when we die?</p>	<p>Who should get to be in charge?</p>	<p>Why are some places in the world significant to believers?</p>

Maths

Diagnostic assessment to determine the order and length of time taught in each of the following topic units.

Integers and Decimals

Represent, read, write, order and compare numbers up to ten million
Round numbers, make estimates and use this to solve problems in context
Solve multi-step problems involving addition and subtraction

Consolidation

Project based mathematical learning

KS3 preparation

Multiplication and Division

Identify and use properties of number, focusing on primes
Multiply larger integers and decimal numbers using a range of strategies
Divide integers by 1-digit and 2-digit numbers representing remainders appropriately
Illustrate and explain formal multiplication and division strategies

Calculations and Problems

Understand the use of brackets
Use knowledge of the order of operations to carry out calculations
Generate and describe linear number sequences
Express missing number problems algebraically
Solve equations with unknown values

Fractions and decimals

Deepen understanding of equivalence
Order, simplify and compare fractions, including those greater than one
Recall equivalence between common fractions and decimals
Find decimal quotients using short division
Add and subtract fractions
Represent multiplication involving fractions
Multiply two proper fractions
Divide a fraction by an integer

Percentages (with fraction and decimal equivalence)

Calculate and compare percentages of amounts
Connect percentages with fractions
Explore the equivalence

Decimals and measures

Use, read, write and convert between standard units of measures; length, mass, time, money and volume as well as imperial units
Calculate the area of parallelograms and triangles
Calculate, estimate and compare the volume of cuboids

<h1>Science</h1>	<p><u>Missing angles and length</u> Compare and classify a range of geometric shapes Use angle facts to find unknown angles</p> <p><u>Coordinates and shape</u> Draw a range of geometric shapes using given dimensions and angles Describe, draw, translate and reflect shapes on a co-ordinate plane Recognise and construct 3-D shapes Name and illustrate parts of a circle</p> <p><u>Statistics</u> Calculate the mean Construct and interpret lines graphs and pie charts Compare pie charts</p> <p><u>Proportion problems</u> Use fractions to express proportion Identify ratio as a relationship between quantities and as a scale factor Unequal sharing involving ratio</p> <p><u>SATs preparation and consolidation</u></p>	
	<p>Biology: Living Things and their Habitats</p> <p>Describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals</p> <p>Give reasons for classifying plants and animals based on specific</p> <p>Physics: Electricity</p> <p>Associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit</p> <p>Compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of</p> <p>Physics: Light</p> <p>Recognise that light appears to travel in straight lines</p> <p>Use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye</p> <p>Explain that we see things because light travels from light</p> <p>Looking after our environment</p> <p>Recording data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs and bar and line graphs</p> <p>Reporting and presenting findings from enquiries - including conclusions, causal relationships and</p> <p>Biology: Animals including Humans</p> <p>Identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood</p> <p>Recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function</p> <p>Describe the ways in which nutrients and water are</p> <p>Biology: Evolution and inheritance</p> <p>Recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago</p> <p>Recognise that living things produce offspring of the same kind, but normally offspring vary and are not</p>	

	characteristics	switches Use recognised symbols when representing a simple circuit in a diagram	sources to our eyes or from light sources to objects and then to our eyes Use the idea that light travels in straight lines to explain why shadows have the same shape as the objects that cast them	explanations of and a degree of trust in results - in oral and written forms such as displays and other presentations Identifying scientific evidence that has been used to support or refute ideas or arguments Using test results to make predictions to set up further comparative and fair tests	transported within animals, including humans	identical to their parents Identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution
Computing	<u>Computing systems and networks</u> Communication Understand computer networks including the internet; how they can provide multiple services, such as the World Wide Web; and the opportunities they offer for communication and collaboration	<u>Creating media</u> Web page creation Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information	<u>Programming A</u> Variables in games Use sequence, Selection, and repetition in programs; work with variables and various forms of input and output	<u>Data and information</u> Spreadsheets Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information	<u>Creating media</u> 3D Modelling Select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs, systems and content that accomplish given goals, including collecting, analysing, evaluating and presenting data and information	<u>Programming B</u> Sensing Design, write, and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts

<h1>Geography</h1>		<p>Can I carry out an independent fieldwork enquiry? Observing, measuring, recording and presenting their own fieldwork study of the local area.</p>		<p>Why does population change? Investigating why certain parts of the world are more populated than others; exploring birth and death rates; discussing social, economic and environmental push and pull factors; learning about the population in Britain and its impacts.</p>	<p>Where does our energy come from? Learning about renewable and non-renewable energy sources, where they come from and their impact on society, the economy and the environment.</p>

Spanish	<p><u>Describing Family and Friends in Spanish</u></p> <p>To ask and answer questions about family members. To describe the relationship between family members. To identify the third person singular form of some common verbs. To describe what someone likes to do. To write a short descriptive text about a person. To identify key information in descriptive sentences.</p>	<p><u>Spanish Portraits</u></p> <p>To use language detective skills to interpret meaning. To describe a person's eyes and hair. To translate portrait descriptions. To describe plural nouns. To describe portraits orally. To compose a written description of a portrait.</p>	<p><u>Shopping in Spain</u></p> <p>To explore pronunciation rules using vocabulary for food and market stalls. To describe the location of a market stall using prepositions. To express different amounts of money using numbers up to 100. To express how much/how many using food vocabulary. To adapt and use language structures for a shopping game. To create and use dialogue for a shopping transaction.</p>	<p><u>Household tasks in Spanish</u></p> <p>To interpret and translate opinions about household tasks. To find and categorise vocabulary from descriptions of different robots. To describe a robot's purpose using verbs and adverbs. To write a descriptive text about an invented robot. To describe the functions of a robot using a persuasive advert. To evaluate and justify a choice of robot.</p>	<p><u>A trip across Spain</u></p> <p>To describe the location of some Spanish cities. To use a range of strategies to widen vocabulary for describing places. To construct sentences describing future plans. To discuss future travel plans. To create a role play conversation about future travel plans.</p>	<p><u>Saving South America</u></p> <p>To interpret locational language in a description of South America. To construct comparative sentences about South America's environment. To discuss ways to help protect South America's environment. To write a set of instructions for creating a healthy world. To script an advert campaigning for action on South America's environmental problems. To present adverts campaigning for action on South America's environmental problems.</p>
